Now . . . the most excitement you've seen on TV in years. tv fun® is the family game that allows you to challenge each other in Hockey, Handball, and Tennis; or challenge yourself in tennis by playing Solo Practice. Two or four paddle operation. Ball speed, paddle size, and the angle of ball return can be changed to fit the ability and age of players. The degree of challenge can be altered so no one feels left out or loses interest. Court-layout on screen and paddles vary from game to game. The ball sounds every time it's hit. On-screen digital scoring.

It's simple to install with a screwdriver—takes just minutes, attaches to external VHF antenna leads on your TV. It's battery operated (six "C" cell batteries), or use optional DC converter (order both below). Complete instructions included. Once the game is attached, there is no need to disconnect it. Push lever to "Game", tune to a nonbroadcasting channel, turn on your TV set, and you're ready to play. For regular TV viewing, just push lever to "TV". When it's off, it will not interfere with normal TV viewing. Plastic housing; walnut-colored top with black sides. 18x9½x5½ in. deep. Mail. wt. 4.70 lbs.

Flame-Resistant Sleepwear for Loungetime or Sleep-time Girls Sizes 6 to 16

About **FLAME-RESISTANT** Children's Sleepwear

- Flame is self-extinguishing when removed from the source of fire.
 - Flame spreads more slowly when the source of fire is still in contact.
 - This sleepwear is more resistant to catching fire than ordinary sleepwear.
- Federal law sets flame-resistant standards for Children's sleepwear sizes 0-14. JCPenney sleepwear meets those standards for Children's size 16.

How to Find Your Ring Size

0 1 2 3 4 5 6 7 8 9 10 11 12

IF YOU DON'T KNOW YOUR RING SIZE we suggest you visit your nearest JCPenney catalog desk to determine your exact size. Or, do the following: cut out sizer at left and affix it to the sticky side of any pliable tape. Trim off tape around sizer. Slit line at arrow point. Insert point of sizer through slit. Pull sizer snugly around largest part of finger (usually the knuckle). Your ring size will be at the point of the arrow (if between sizes, order half size).

About JCPenney Chime Clocks [1] and [2]

THESE CLOCKS FEATURE WESTMINSTER CHIMES—the Big Ben chimes of London's House of Parliament. Both clocks are also available with three-chime selection. This is a simple lever action that lets you change from Westminster to the traditional "Bow bells" hit of Whittington chimes, or to the charming melody of St. Michael's chimes. This 3-chime selection also gives you another option—silence. You can stop the chiming whenever you want. All the chimes follow this pattern: 4 notes at quarter-past, 8 at half-past, 12 at three-quarters past, and the full 16-note chime at the hour, followed by the striking which counts the hour.

Precision-Made Clocks

NOW... the biggest, easiest-to-use
Toastmaster® Toaster/Oven ever!

- **BIG 2-SHELF CAPACITY**—each shelf holds a full-size 9-in. pie or cake, or the newer "he-man-size" TV dinner
- **AUTOMATIC TOASTING**—unit shuts off, door opens, tray slides out when your toasting level is reached
- **2 BAKE SETTINGS**—custom-bake for delicate foods; fast-bake for covered dishes or quick pre-heating
- **KEEP-WARM** setting holds ideal serving temperature
- **PUSHBUTTON SLIDE-AWAY DOOR** for easy access

TOASTMASTER® MODEL 350 DELUXE TOASTER/OVEN features 2-way baking. Custom bake (650W below, 425W above) for cakes, custards, poultry, etc.; fast bake (650W below, 850W above) for casseroles, TV dinners, potatoes, etc.—use both for foods you want baked-through inside, browned outside. Fast pre-heating reduces warmup wait, helps prevent energy waste and overheated kitchens. Keep-warm setting helps prevent overcooking, holds food for latecomers. Dial controls with signal light. Chrome-plated steel body with glass door. 15x11x8 in. high. 2½-ft. cord.* Pay only \$5 monthly for this item when you use Penney's Time Payment—see page 335 for full credit terms.

With this new JCPenney
Slow-Cook Oven/Broiler,
you can get a full family meal
SLOW-COOKED to PERFECTION

- **POP IN A FULL MEAL**—from entree to dessert—in separate dishes, cook it all at the same time!
- **VERSATILE**—bakes, roasts, broils, slow cooks
- **CONTINUOUS CLEANING**—no special cycle! dissolves most grease and spatters as it cooks
- **DUAL-WALL CONSTRUCTION**—preheats faster, helps retain heat, helps keep kitchen cooler
- **2 SLIDE-OUT SHELVES** for big capacity, with 6-way height adjustment for efficient use of space
- **6 HEATING ELEMENTS**—4 to bake or broil, 2 to slow cook
- **AUTOMATIC THERMOSTAT** maintains set temperature

OUR NEW SLOW-COOK OVEN/BROILER does almost everything your big oven can do—and more efficiently. It can even slow-cook a full big meal—you get tender, juicy entrees, flavorful vegetables, hearty desserts. And it features convenient continuous cleaning. Compact countertop design with dual-wall construction keeps heat in, helps your kitchen stay cooler. Even heat distribution means food cooks faster, without energy waste. Slow cooks at about 200°, handyhouse now. As you set 200° to 500° baking, broiling elements produce concentrated overhead heat to melt butter, sear steaks. Tray with grid are included. Chrome-plated steel body is 21x14x14 1/2 in. high. Conversion chart on page 993. 110-120V, AC UL listed 1200 watts. See JCPenney Full One Year Replacement Warranty on page 259.

on complete stereo system when bought in combination

- Phase-locked loop FM multiplex detector for improved stereo reception
- Solid-state chassis, integrated circuits
- FET FM front end

BUY THIS SUPERB AM/FM STEREO SYSTEM, and save \$150. The receiver has all the features listed above, plus dipole FM antenna, headphone jack, five pairs of input/output jacks for phono, tape and auxiliary terminals for connecting 300 ohm antenna. Switchable input for high and low level (ceramic/magnetic) phono cartridge. Two AC convenience outlets (switched and unswitched) for additional hi-fi equipment. Low filter for reducing low frequency hum and rumble on turntable and tape deck. High filter minimizes FM stereo hiss and scratch sounds on records. Tape monitor for more accurate recording. Speaker selector control for choosing main, remote or both pairs of speakers simultaneously. Receiver and speaker cabinets made of rosewood-grained vinyl on wood products. The BSR record changer, model 2260 BX, has 3-

speed 11-in. turntable magnetic cartridge, anti-skate mechanism, 4-pole motor, cue/pause control, stylus tracking force adjustment, automatic and manual spindles and hinged dust cover. Woodgrained vinyl on polystyrene base. All components are available, and are UL listed for 110-120V, AC. See warranty on p. 285.

- The most efficient wood-burning heater we sell—holds a fire up to 12 hrs. without refueling
- It's both a woodburning fireplace and an automatic, temperature-controlled heater
- Includes screen, built-in grate and full-width, removable ashpan

1 THE FRANKLIN-STYLE HEAT CIRCULATING FIREPLACE It's a lot more than a beautifully crafted adaptation of the classic American fireplace—it's a truly efficient, thermostatically controlled heater, too. With the doors open or removed, this Franklin adds real fireplace charm to any room. With doors closed, it radiates and circulates heated air by convection. Tightly welded combustion chamber and asbestos fire door gasket make the unit virtually air-tight to help maintain even temperatures. Just set the thermostat. The damper automatically regulates air-flow into the combustion chamber and controls heat output. Double-wall design helps minimize loss of heat up the flue. Air circulates and is heated within double walls. Heated air leaves firebox and is spread throughout room. Holds wood up to 12 in. long. Firebox grate, doors and hearth are solid cast iron. Vented sides and chimney are steel. Cabinet and pipe are finished in heat-resistant enamel. Unit measures 48 in. L x 28 in. W x 36 in. H overall. Includes enough pipe and fittings to reach 8-ft. ceiling. Designed to connect to 8-in. Metalbestos® Flat Chimney Support—order support and fittings in our big Fall '76 Catalog—see page 957. Blower and brass ball ornaments sold separately. *NOTE:* Read Note at right. Not mailable—see page 332. Reduced from our big Fall '76 Cat.—see page 961. This special price ends December 25, 1976.

SSB Means 69 Channels
For Communication Plus
Three Times More
Output Power Than AM

Check These Features
That Mean CB Value

- 12-Watt PEP (Peak Envelope Power) output helps project your signal farther and with three times the output power of AM
- Operates on 12V, DC or 110V, AC power
- Variable volume, squelch, fine tuning controls
- S/R/F meter ■ A/V and PA/CB switches

Any U.S. citizen 18 years of age or over who has an approved FCC license and membership in a local Amateur Radio Club may operate a CB radio. No test is required. Simply fill out the application included with your radio and mail it to the FCC. (FCC Form 973, 12-1-76, \$4.00)

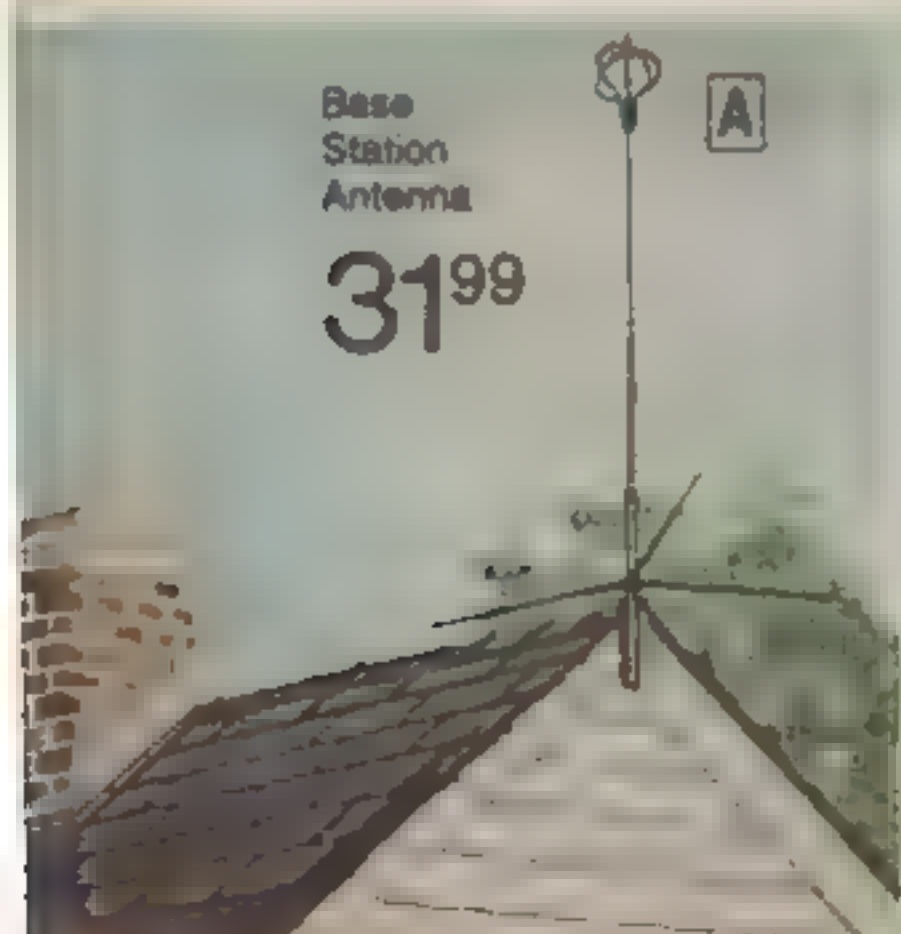

NOW YOU CAN USE YOUR CB SET AS SOON AS YOU GET IT! Just apply for a Temporary License Permit at the Catalog Department of your JCPenney store or write Customer Service—see page 336 for address.

A VERSATILE TRANSCIVER AT A LOW PRICE! Use as a base station (110-120V AC) for personal or business communication. Mount in your car (12V, DC) to contact base, walkie-talkies, other mobile units. Set the selector knob for any of 23 AM channels or enjoy the longer range and less congested reception of 23 upper and 23 lower-sideband channels. All crystals factory-installed—no extra crystals to buy. Squelch control limits noise and chatter between calls. S/R/F meter reads strength of incoming signal as well as transmitter output. Automatic noise limiter helps reduce background noise when receiver is used. Fine tuning control permits pinpoint tuning. Public address jack lets you use unit as a public address amplifier with PA speaker (not included). Has external speaker jack. Includes dynamic mike, mounting bracket, wiring for mobile use, AC and DC power cords. Steel case 10 1/2 x 9 1/2 x 3 1/2 in. high. Reduced from our big Fall '76 Catalog—see page 855. 4 POKER-LITE POOL by Aurora®. An exciting game table that combines the skill of pool with the strategy of poker. As each player shoots the balls into the pockets, they begin to build a poker hand which is electrically recorded on the lighted scoreboard. You can play offense or defense. There are four strategically located pockets to cancel your opponent's hand. Table top measures 41x37 in. Playing surface covered with heavy billiard cloth. Side bumpers constructed of rubber permit bank shots. Legs made of ½-in. thick particle board with walnut wood grain lamination. Score indicator lights up each time a ball is scored. Complete with markers to keep opponents' poker hands separated. Two 48-in. cue sticks, cue ball, 10 balls, 1 rack, 2 pieces of chalk. Operates on 110-120V, A.C. UL listed. Partially assembled; instructions included. Not mailable; see page 332.

Your Satisfaction Is Our Goal

EVERYTHING YOU BUY AT J.C.PENNEY IS GUARANTEED

WHEN YOU RECEIVE YOUR PURCHASE, examine it carefully. If it does not meet your expectations, return it to us and explain what is wrong. We will exchange it if you wish—or we will refund your money (or credit your account) including transportation charges applicable to the returned items.

SPECIFIC WARRANTIES. Some of your most important purchases from J. C. Penney are covered by our own specific warranties that protect you from basic defects in the merchandise and from failure in use. These specific warranties are fully stated where the item is described. Read the warranty that covers the item you buy—and buy with confidence!

REGULAR GUARANTEE. If your purchase from us does not carry a specific J. C. Penney warranty, it is covered by this regular guarantee: After you have used your purchase, if it does not live up to everything we have promised for it, or if it does not give you the service you expect during the normal life of the item, please let us know the facts in the matter. Return the item if that is convenient—if it isn't, just say so, and we will advise you what to do. We will make a proper adjustment in cash, credit, merchandise, or repair of the item. Whichever it is, you can count on us to do what is right and reasonable.

AT ANY TIME . . . if you have any problem with merchandise you bought from us, and our guarantees do not take care of the matter to your satisfaction, tell us about it. We want to do what is fair—and we will!

What Price—and When?

Prices in this catalog become effective on August 28, 1976. Some continue in effect for almost a whole year, till August 13, 1977 (notices printed in this catalog identify the "long-life" pages for you). Some items are offered at savings that have a cut-off date of December 26, 1976, and a notice on the page where the item is sold will tell you so. All other prices are subject to change starting January 22, 1977.

You always get our lowest current price. If we reduce a price from one catalog to another (as in our sale books) you pay the lower price during the period when it is in effect—even if you

have ordered at the higher price. You don't even have to know that the price has been cut! If you send us too much money, we automatically refund the overpayment. When merchandise is returned, the refund or exchange will be based on the price charged at the time you made the purchase.

We will fill your order from any of our expired catalogs as long as we have the merchandise in stock. You will be charged the price that is in effect when we receive your order. The price may have reverted to its former level or it may have been altered by the publication of a new catalog.

How To Get Our Catalogs

A Special Offer to New Customers: You can have your own copy of this Christmas Catalog if you send \$1.00 by November 1, 1976 to: JCPenney Circulation Dept., Box #2056, Milwaukee, Wisc. 53201. (The \$1.00 amount partially covers the cost of printing, postage, and handling). *We'll send you this new catalog, AND a \$1.00 merchandise coupon—redeemable when you make any catalog purchase. Merchandise coupons must be used by February 1, 1977. Don't wait—send your request today because our supply of catalogs is limited, and we don't want you to be disappointed. However, we'll continue to honor requests for catalogs as long as possible.*

A Note to Regular Customers: We'll continue to send you all our catalogs as long as you order regularly each season—two purchases totaling \$30 in a 6-month period. You can shop in our big Spring and Fall catalogs, seasonal catalogs (Summer, Christmas), or sale catalogs. Place your orders by phone or in person at a Penney Catalog Department—or by mail. All orders count toward keeping your family on our active mailing list—so please use the same name each time you order! And don't forget to order this season so you can count on getting our catalogs next season. Also, please don't forget to notify us if you move!

Helpful Hints from JCPenney

JCPenney Home Colors

Now it's easy to use color in home decorating—no more wondering "will these colors go together." Because every time you choose one of the JCPenney Home Colors in home furnishings, you can be sure that all shades in the same color "family" will harmonize. Read about it (and see all the JCPenney Home Colors!) on page 1220 in our big Fall '76 Catalog.

Shop-by-Phone

Wherever you may be, if there's a phone within reach, you can save "shopping time" by ordering the easy telephone way. For the number of the Penney Catalog Department nearest you, see your local phone directory under listing for "Penney, J.C., Co., Inc."

We'll Mail to Servicemen

We will send gifts to servicemen at A.P.O. and F.P.O. addresses anyplace in the world—in time to arrive for Christmas. See page 332 for details.

Send Gifts to a Friend

Write carefully the name and address of the person you wish to send gift(s) to—don't forget Zip Code. In each Gift Parcel we enclose a slip with your name as sender, and a Merchandise Return Form. No price is shown.

**IT PAYS
TO SHOP
EARLY!**

Just place any order totaling \$50 or more in merchandise from this Christmas Catalog by October 20, 1976, and we'll give you a

**\$5 GIFT
CERTIFICATE!**

Use your \$5 Gift Certificate for future catalog purchases—or in any JCPenney store. Of course, you may want to give it to a friend or relative—what a welcome gift it will be!

There is a return envelope attached to an extra Order Form in this Catalog.

Ordering Information

Credit Customers: We figure taxes and transportation costs for you and then add them to your account. No need for you to read further.

Cash Customers: Please include Parcel Post costs (see chart at right) and Sales Taxes (see **Taxes** below) with your order. The chart at right enables you to estimate what your Parcel Post costs will be. Any extra postage you send will be refunded in full. Weights stated in the catalog descriptions are approximate. We calculate your postal charges on actual total weight of your order. (Rates may change at any time.)

Taxes: Simply add on your state and/or local tax rates for every dollar of merchandise you're ordering. Some states (Ga., Hawaii, Ind., Kan., La., Miss., Nev., N. Mex., N.C., West Va., Wisc., Wyo.) require you to include this tax on postage as well as merchandise on orders shipped to your home. Transportation and handling charges on orders shipped to a Catalog Department instead of your home are subject to the State and Local Sales Tax in most states; this will be included in your bill.

Not Mailable To 1st-Class Post Offices, but this restriction does not apply to Rural Route addresses, or to the states of Alaska and Hawaii. Items in this category that weigh less than 15 lbs. require a 15-lb. minimum postage rate. For additional shipping information and rates, see pages 750-753 in our Fall '76 Catalog.

Not-Mailable orders are shipped by truck. Cash customers will be billed for trucking charge after delivery. See page 750 in our Fall '76 Catalog.

SAVE ON SHIPPING! If your order is "not-mailable," you can always save on shipping charges, by having it sent to the Penney Catalog Department in the Penney store nearest your home. Even if you arrange for trucking from the Catalog Department to your own home, the combined shipping costs will usually be lower than if you had the item shipped directly from our warehouse to your home.

Factory-shipped Merchandise is shipped direct to your home from the factory. See page 752 in our Fall '76 Catalog for details.

Sometimes We Pay All Transportation: check item description for this information (Hawaii and Alaska are usually excluded—see folder enclosed in this catalog for estimated shipping charges, or write to Customer Service—see below).

We'll Mail to Servicemen at A.P.O. and F.P.O. Addresses Anyplace in the World—in Time for Christmas

For Servicemen who do not have A.P.O. or F.P.O. addresses, follow the regular mailing instructions above.

For A.P.O. and F.P.O. addresses use the following Zones to estimate mailing costs: Seattle, Zone 7; San Francisco, Zone 8; New York, Zone 4. Parcel Post Rates for all zones are listed above. See page 751 in our big Fall '76 Catalog for zones for all states.

SAM (Space Available Mail) carries packages by air transport at regular Parcel Post rates. Parcel must weigh 15 lbs. or less and not exceed 60 inches in length and girth combined. Orders must reach us by Nov. 12.

PAL (Airlift Military) carries packages by air transport for a fee of \$1.00 per parcel in addition to regular Parcel Post rates. Parcel must weigh 30 lbs. or less and not exceed 60 inches in length and girth combined. Orders must reach us by Nov. 19.

Packages that are classified "Mailable" or "Not Mailable to 1st Class P.O.'s" in the catalog can be sent by Parcel Post in most cases, but "Not mailable" items cannot. Check with your local Postmaster for specific A.P.O. and F.P.O. exceptions. We always ship orders by SAM whenever package size and weight permit. Packages exceeding the limitations are shipped by Parcel Post. (Parcel Post orders must reach us by Oct. 29.) Please tell us when you want your order shipped PAL.

Open a JCPenney Charge Account ... Get the Charge Card You Can Use 2 Ways!

Use a JCPenney Charge Card for both Regular Charge AND Time Payment purchases. Remember, *everything* we offer in our catalogs and our 1700 stores can be bought on our Regular Charge Account. And certain kinds of merchandise can be bought on Time Payment—see page 336. It's easy to apply for a JCPenney Charge Card—apply for yours TODAY!

Here's what our Regular Charge Plan does for you...

1. It makes Catalog shopping so much **EASIER!** No worry about having cash on hand, writing checks or money orders—just charge it. No bother about figuring taxes, mailing and shipping charges—we do it for you. No fuss when returning a purchase—the refund is credited to your account.
2. It's so **EASY** to apply for! Just fill out Credit Application (below), and sign (and keep) Credit Agreement on page 336; or our Catalog Department will take your application by phone.
3. It makes record-keeping so much **SIMPLER!** Our once-a-month statements are complete, permanent records of your purchases.
4. It's so **CONVENIENT!** Use it in 50 states—at home or traveling—for catalog purchases, or in any of 1700 Penney stores.
5. Plus all these **EXTRA ADVANTAGES!** Pay no finance charge if account balance is paid ☐ full before next billing date. Or stretch payments over several months (see p. 335). You can get additional Charge Cards for members of your family—just tell us how many you need.

Here's all you do to open a JCPenney Charge Account*...

1. Read and sign the Credit Agreement on pages 335, 336. Keep it for your records—do not mail ☐ to us.
 2. Sign the statement which appears at top of the Credit Application (just below). Your signature indicates that you have read, agreed to, and signed the Credit Agreement.
 3. Complete Credit Application (Print, using ball point pen.) Check box for a Joint Account (opened on basis of credit-worthiness of both you and your spouse) or for an Individual Account (opened on basis of your credit-worthiness alone).
 4. Check the square box on the Order Form which states "I want to OPEN A CHARGE ACCOUNT"; also check the appropriate circle.
 5. Mail completed Credit Application to New Accounts Dept.—find address on page 332 that applies to your location.
- *IF YOU LIVE IN MASSACHUSETTS OR OHIO, write to our New Accounts Dept.—find the address on page 332. We will send you the credit application that applies to Massachusetts or Ohio.

Credit Agreement

Your signature(s) (on next page) means that you agree to the following terms of this JCPenney Credit Program. Upon approval of your application, our Regular Charge and/or Time Payment may be available to you. When you sign a sales slip authorizing us to charge your purchase on Regular Charge or Time Payment, that purchase will be governed by the applicable terms as set forth below:

Regular Charge and Time Payment purchases will be billed monthly on separate statements. When either statement shows that a payment is required, you can choose to pay either the "Minimum Amount Due", your entire "New Balance" or any amount in between, but you must do so before the "Next Billing Date" shown on each statement.

REGULAR CHARGE PAYMENT SCHEDULE

The minimum payment you must make when purchasing on Regular Charge varies with your balance, according to the schedule directly below:

New Balance (less insurance premiums)	Minimum Payment
\$11.00 or less	Balance
11.01-200	\$10
200.01-250	15
250.01-300	20
300.01-350	25
350.01-400	30
400.01-450	35
450.01-500	40
Over \$500	1/10 of Balance

The minimum monthly payment you must make when purchasing Time Payment eligible merchandise is based upon the Highest outstanding Time Payment Balance you have had; the "Amount Due" remains the same until that balance is completely paid in accordance with the schedule directly below.

Highest Balance	Minimum Monthly Payment	Highest Balance	Minimum Monthly Payment
\$ 19.00-90	\$5.00	\$285.01-300	\$12.00
90.01-105	5.50	300.01-315	12.50
105.01-120	6.00	315.01-330	13.00
120.01-135	6.50	330.01-345	13.50
135.01-150	7.00	345.01-360	14.00
150.01-165	7.50	360.01-375	14.50
165.01-180	8.00	375.01-405	15.00
180.01-195	8.50	405.01-420	15.50
195.01-210	9.00	420.01-435	16.00
210.01-225	9.50	435.01-450	16.50
225.01-240	10.00	450.01-465	17.00
240.01-255	10.50	465.01-495	17.50
255.01-270	11.00	495.01-510	17.75
270.01-285	11.50	510.01-525	18.25

The monthly payment of \$18.25 is increased by \$.50 for each additional \$15.00 (or fraction thereof) of Highest Balances over \$525

FINANCE CHARGE not in excess of that permitted by law will be assessed on the outstanding balance(s) from month to month. You can avoid **FINANCE CHARGE** ■ we receive your payment of the entire "New Balance" shown on each statement before your "Next Billing Date." If you pay less than your "New Balance", we may assess **FINANCE CHARGE** for the billing period computed by applying a monthly rate of 1.5% (**ANNUAL PERCENTAGE RATE 18%**) to your Average Daily Balance (subject to a minimum monthly charge of 50¢ on Regular Charge only), except that the following terms apply if you reside in one of the states listed below ("Minimum Monthly Charge" column applies to Regular Charge only):

State of Residence	Monthly Periodic Rate	Annual Percentage Rates	Portion of Average Daily Balance to Which Applied	Minimum Monthly Charge
FL. (Time Payment) NV, NC, ND, RI, VA	1.5%	18%	entire	none
IA	1.5% 1.25%	18% 15%	\$500 or less over \$500	50c
AK, AZ, CA, DE, SC	1.5% 1.0%	18% 12%	\$1,000 or less over \$1,000	50c
FL. (Reg. Charge), NJ, NM, NY, KA, OH, TX, WV, MA	1.5% 1.0%	18% 12%	\$500 or less over \$500	50c
MD, MS, NE, WI, DC	1.5% 1.0%	18% 12%	\$500 or less over \$500	none
VT	1.5% 1.0%	18% 12%	\$500 or less over \$500	25c
MO	1.5% .75%	18% 9%	\$500 or less over \$500	50c
PA	1.25%	15%	entire	50c
MN, WA	1%	12%	entire	50c
CT, SD	1%	12%	entire	none
AR	.83%	10%	entire	none

When more than one periodic rate is applicable in your state, the **FINANCE CHARGE** assessed on your outstanding balance(s) will be determined by combining your Regular Charge and Time Payment balances before applying the periodic rates. The higher periodic rate will be applied to your Regular Charge balance first. The Average Daily Balance is determined by 1) starting with any balance unpaid as of the beginning of the billing period; 2) subtracting any insurance premium due, unpaid **FINANCE CHARGE** and credits relating to purchases previously billed; 3) adjusting the remaining amount on a daily basis by subtracting any payments received, after applying the payments first to any insurance premium due and then to any unpaid **FINANCE CHARGE**; 4) adding the daily balances for each day in the billing period and dividing their sum by the number of days in the billing period. There is never a **FINANCE CHARGE** on any unpaid **FINANCE CHARGE** or on a new purchase before it's billed. Insurance premiums are billed with Regular Charge only.

If you fail to pay your obligation to us in accordance with this Agreement ("default" as defined for Wisconsin residents in Section 425.103 (2) (b) Wisc. Stat.), we have the right—subject to any right you have by law to correct your default—to declare the Regular Charge and/or Time Payment balance(s) due. If any balance is referred to an attorney for collection, you will pay, to the extent permitted by law, that attorney's reasonable fees if the attorney is not our salaried employee. (This provision for payment of attorney's fees does not apply to residents of Alabama, Iowa, Kansas, Maine, Nebraska, or Wisconsin.)

We have the right to limit this Credit Program and to withdraw your credit privileges at any time without prior notice. Any charge cards issued to you for use by you and your authorized buyer(s) remain our property and must be surrendered at our request.

We may investigate your credit record and furnish information concerning your credit file to consumer reporting agencies and others who may properly receive that information.

We waive any right to mechanics' or materialmen's lien(s) on real property used or to be used as your principal residence.

The law of the state where you live governs this Agreement. If you move, you will notify us. The terms appropriate in your new state will apply only to the purchases you make after we receive your notice.

We can change these terms by giving you advance notice of the change. Any new terms will apply only to purchases you make after the effective date of the change.

If you are applying for a Joint Account, both you and your spouse agree to be bound by the terms of this Agreement, and each of you agree to be jointly and severally liable for payment of all purchases made under this Agreement.

If any of these terms is in conflict with applicable law, that term shall be considered changed or omitted to conform with that law while all other terms remain valid.

HERE'S WHAT TO DO IN CASE OF ERRORS OR INQUIRIES ABOUT YOUR BILL

The Federal Truth in Lending Act requires prompt correction of billing mistakes.

If you want to preserve your rights under this law, here's what to do if you think your bill is wrong or if you need more information about an item on your bill:

Do not write on the bill. On a separate sheet of paper write (you may telephone your inquiry but *doing so will not preserve your rights under this law*) the following information:

- Your name and account number.
- A description of the error and an explanation (to the extent you can explain) why you believe it is an error.
- If you only need more information, explain the item you are not sure about and, if you wish, ask for evidence of the charge, such as a copy of the charge slip. Do not send in your copy of a sales slip or other document unless you have a duplicate copy for your records.
- The dollar amount of the suspected error.
- Any other information (such as your address) which you think will help the creditor to identify you or the reason for your complaint or inquiry.

Send your billing error notice to the address stated on your bill. Mail it as soon as you can, but in any case, early enough to reach the creditor within 60 days after the bill was mailed to you. The creditor must acknowledge all letters pointing out possible errors within 30 days of receipt, unless the creditor is able to correct your bill during that 30 days. Within 90 days after receiving your letter, the creditor must either correct the error or explain why the creditor believes the bill was correct. Once the creditor has explained the bill, the creditor has no further obligation to you even though you still believe that there is an error, except as provided in the paragraph marked *. After the creditor has been notified, neither the creditor nor an attorney nor a collection agency may send you collection letters or take other collection action with respect to the amount in dispute; but periodic statements may be sent to you, and the disputed amount can be applied against your credit limit. You cannot be threatened with damage to your credit rating or sued for the amount in question, nor can the disputed amount be reported to a credit bureau or to other creditors as delinquent, until the creditor has answered your inquiry. *However, you remain obligated to pay the parts of your bill not in dispute.*

If it is determined that the creditor has made a mistake on your

bill, you will not have to pay any finance charges on any disputed amount. If it turns out that the creditor has not made an error, you may have to pay finance charges on the amount in dispute, and you will have to make up any missed minimum or required payments on the disputed amount. Unless you have agreed that your bill was correct, the creditor must send you a written notification of what you owe; and if it is determined that the creditor did make a mistake in billing the disputed amount, you must be given the time to pay which you normally are given to pay undisputed amounts before any more finance charges or late payment charges on the disputed amount can be charged to you.

*If the creditor's explanation does not satisfy you and you notify the creditor *in writing* within 10 days after you receive his explanation that you still refuse to pay the disputed amount, the creditor may report you to credit bureaus and other creditors and may pursue regular collection procedures. But the creditor must also report that you think you do not owe the money, and the creditor must let you know to whom such reports were made. Once the matter has been settled between you and the creditor, the creditor must notify those to whom the creditor reported you as delinquent of the subsequent resolution.

If the creditor does not follow these rules, the creditor is not allowed to collect the first \$50 of the disputed amount and finance charges, even if the bill turns out to be correct.

If you have a problem with property or services purchased with a credit card, you may have the right not to pay the remaining amount due on them, if you first try in good faith to return them or give the merchant a chance to correct the problem.

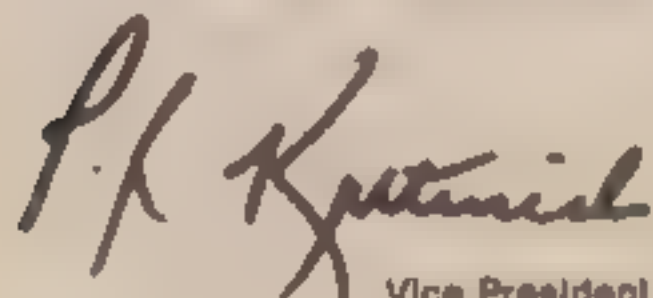

The Federal Truth in Lending Act and the Utah Uniform Consumer Credit Code require prompt correction of billing mistakes.

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of sex or marital status. The Federal agency which administers compliance with this law concerning this store is Equal Credit Opportunity, Federal Trade Commission, Washington, D. C. 20580. The Equal Credit Opportunity provisions of the Utah Uniform Consumer Credit Code are administered by the Department of Financial Institutions, 10 West Broadway, Suite 331, Salt Lake City, Utah 84101.

Illinois Law requires the following Notice: (a) No applicant may be denied a credit card on account of the applicant's sex or marital status. (b) The applicant may request the reason for rejection of his or her application for a credit card. (c) No person need reapply for a credit card solely because a change in marital status has caused a deterioration in the person's financial position. (d) A person may hold a credit card in any name permitted by law that he or she regularly uses and is generally known by, so long as no fraud is intended thereby.

Notice to the Buyer: Do not sign this credit agreement before you read it or if it contains any blank spaces. You are entitled to a completely filled in copy of the credit agreement you sign. Keep it to protect your legal rights. You have the right to pay in advance the full amount due.

I acknowledge receipt (for retention) of this Retail Credit Agreement.

How to wash and dry it

Today's many new man-made fibers, and fiber blends make it im-portant for you to know exactly how each fabric should be washed and dried. You'll find washing and drying instructions for nearly all fabric merchandise in Penney catalogs at the end of each catalog item description. The words in these descriptions are (with some exceptions and variations) identical to those you'll find in the JCPenney Home Laundry Reference Chart . . . and also on JCPenney Permanent Laundering Labels (attached to our fabric mer-chandise). By reading the merchandise description, you'll know before you buy just what kind of care each item needs.

THE HOME LAUNDRY REFERENCE CHART (left) was developed by the JCPenney Merchandise Testing Center to simplify your wash-day work. It tells you the 5 basic methods that give best cleaning results on most fabric merchandise. In the left-hand column are wash-and-dry instructions—related to those in our catalog mer-chandise descriptions and also to the JCPenney Laundering Labels (attached to our fabric merchandise). In the middle of the chart are washing conditions that should be used. In the right-hand column are dryer settings.

FABRIC FACTS

ACETATE has the feel and good draping qualities of silk and takes color well. If laundering is not indicated on the tag or label, acetate garments should be dry cleaned. Avoid contact with nail polish and polish remover—these eat holes in the fabric. Trademarks: Acetate, Chromspun, Celaperm, Estron.

TRIACETATE has the qualities of acetate; in addition it is wrinkle-resistant and holds heat-set pleats well. Machine wash, tumble dry, little or no ironing—but if touch-up is needed, use medium temperature. Trademark: Arnel.

ACRYLIC takes color well and is noted for excellent shape-retention and wrinkle-resistance. Resists sun fading. Machine wash, tumble dry—if ironing is needed, use low temperature. Trade-marks: Acrilan, Creslan, Orion.

GLASS FIBER resists damage from water and sunlight. Hand wash, separately in warm, sudsy water. After washing, rinse basin to remove glass fiber particles. Drip dry, hang while still damp. Do not use for wearing apparel. Do not wash with items that are not glass fiber. Do not machine wash, bleach, dry clean, machine dry, or iron. Always follow the instructions on the tag or label accom-panying glass fiber items. Trademarks: Fiberglas, PPG fiber glass, J-M fiber glass.

MODACRYLIC is primarily used for wigs, fake furs, and carpeting; it has a soft, wooly or hair-like feel. Follow care instructions in-cluded with item. Trademarks: Dynel, Verel.

NYLON is very strong and resists abrasion well. Machine wash, tumble dry. Resists wrinkles—if touch-up ironing is necessary, use low temperature. Trademarks: Antron, Caprolan, Helanca, Blue C. **OLEFIN** is a strong, non-water-absorbing fiber used mainly for carpeting and upholstery. Follow care instructions with item. Trademarks: Herculon, Marvess.

POLYESTER is strong and wrinkle-resistant. Machine wash, tum-bble dry—use lowest temperature if touch-up ironing is needed. Trademarks: Dacron, Fortrel, Kodel, Vycron.

RAYON is extremely versatile and provides good quality at a low price. Dry clean unless instructions with garment indicate it may be washed. Trademarks: Avisco, Avril, Cuplon, Coloray, Fortlean, Zantrel.

SPANDEX is always combined with other fibers (such as nylon, polyester, or cotton), and adds elasticity to the fabric. Very light-weight, but also very strong. Washing and drying methods are de-termined by the fiber that is combined with the Spandex. Follow tag or label instructions. Trademarks: Lycra, Spandelle, Byrene.

FIBER BLENDS often combine man-made fibers with each other, or with natural fibers, to obtain special fabric effects. These blends may require care that is different from the individual fibers de-scribed above. Please follow care instructions in the item descrip-tion, plus any special instructions attached to the item. If you have questions about proper care of anything you buy from Penneys, please write to our Customer Service Dept. at one of the addresses on page 332.

"NO-IRON" MEANS "PERMANENT PRESS"

When it's "no-iron," it's easy care! "No-iron" is the term we use to describe fabric items that with a "built-in" smooth, wrinkle-free look. Just machine wash and tumble dry. (If you prefer not to tumble dry, a little touch-up ironing may be needed.)

To be sure the entire item will give really satisfactory no-iron performance, Penneys Merchandise Testing Center checks every detail—seams, sewing thread, linings, zippers, even buttons. And you can be confident that the no-iron feature will last for the life of the garment.

FLAME-RESISTANT

Federal law requires that all children's sleepwear (sizes 0 to 14) be flame-resistant. In addition, we offer many other garments, for children and adults, made with fabric and trim which pass the flame-resistance test of U.S. Flammability Standard No. FF5-74. This is not a legal requirement, but it is a "plus" feature that we think you may find reassuring.

Flame-resistant fabrics have these important qualities:

- They're *more resistant* to catching fire than ordinary fabric.
- Flame spreads *more slowly* when the source of fire is still in contact.
- Flame is either *self-extinguishing* or *easy to extinguish* by brushing, slapping, or smothering it away.

The 100% polyester and 100% nylon fabrics that our catalog describes as flame-resistant have a characteristic that contributes to their flame-resistance—when exposed to flame, the fabric shrinks away from the source of heat. If it is thus withdrawn entirely from the flame, there is little danger that it will ignite.

Of course, flame-resistant fabrics are not fireproof, and they do not protect their wearer from intense heat. But they do a lot that ordinary fabrics don't do—and that can add greatly to your peace of mind.

For a complete collection of flame-resistant fabric merchandise, see the special listing in the index of our big Fall '76 Catalog.

consumer information about toys: a new JCPenney service

Toys are for fun. Toys are for playing. Why, then, is careful toy selection important? Because playing is learning, and toys are important learning tools. Through play, children develop an understanding of what the world around them is like. They learn to express their ideas about the people, things, and events in their lives. Thus, toys make a significant contribution to the development of children.

Many parents and relatives have indicated the desire for additional guidance about some of the specific areas in which types of toys help a child to develop. Now JCPenney has asked a panel of child development authorities to provide such guidance.

Throughout the toy pages in this catalog, you will see the symbol . It stands for Consumer Information, a service of our Consumer Affairs Department. The symbol will appear as part of a box that frames child-development guidelines from the panel of specialists. You will find information about specific ways  which the type of toys on the page can help your child to grow and develop.

HOW TO CHOOSE A TOY: The Panel offers this checklist

A good toy should...

1. Be one the child enjoys.
2. Be safe.
3. Be well-made and durable.
4. Provide continuing interest so the child will return to it.
5. Be usable in a variety of ways or for a variety of purposes.
6. Do what it claims to do and what the child expects of it.
7. Involve the child, not as a spectator, but in its actual use.
8. Help to provide an understanding of the child's world.
9. Challenge, but not frustrate.
10. Contribute to the building of a positive self-image for the child.

WHAT TO EXPECT OF A TOY: A good toy should help a child to grow in one or more of these ways...

1. **PHYSICAL.** Exercise the use of large and small muscles; develop motor skills and coordination.
2. **MENTAL.** Strengthen the child's ability to solve problems and deal with language, numbers, and other kinds of information.
3. **CREATIVE.** Encourage the child to be imaginative and inventive in the context of play.
4. **SOCIAL.** Give the child practice in interacting and communicating with people.

WHY IT'S WISE TO CONSIDER EACH CHILD'S INDIVIDUALITY WHEN YOU SHOP FOR TOYS:

Like adults, children differ greatly in their development, their interests, and their talents. It's important to note that, unless your child genuinely enjoys a toy, its developmental characteristics might as well not exist. Too, a toy that's suitable for a child at one stage of growth may not be appropriate at another. Because it's normal for children of the same age to show widely differing abilities, careful consideration should be given to your child's individual needs. You, as the child's parent, relative, or friend, are the best judge of what toys are most appropriate. It is our hope that this program will help you to find them.

HOW YOU CAN HELP YOUR CHILD GET THE MOST OUT OF TOYS:

1. Play briefly with the child to spark interest in a new toy or to rekindle interest in an older toy.
2. Provide safety at play by setting rules and limits the child understands. "Check in" as often as you feel necessary.
3. Recycle toys. Avoid overwhelming the child with too many at once. This leads to loss of interest in any toy. Giving a child a "vacation" from a toy creates renewed enthusiasm for it.
4. Treat toys as a part of, rather than a substitute for, the gift of yourself.

AND A FINAL NOTE: It is not Penney's purpose to make your choices for you. We do consider it our responsibility to give you all the information we can to help you make choices that will satisfy you and help your child's development.

Introducing the Distinguished Panel

Dr. Clyde A. Jones. Associate Professor of Human Development, University of Connecticut, Ed.D., Pennsylvania State University. Primary interest is in the development of children's creative abilities and their understanding of the creative arts.

CONSUMER INFORMATION ABOUT TOYS FOR BABY

Babies need toys that stimulate their senses and make them responsive to the world around them. Colorful toys that are designed to move and make amusing sounds encourage babies to follow with their eyes, reach out, touch, grasp, and babble. Beware of removable parts that are small enough for baby to swallow—or that might lodge in throat, ears, or nose.

CONSUMER INFORMATION ABOUT STARTER TOYS

For the growing baby, learning to talk and to coordinate body movements are important goals. Toys that are meant to be pushed or pulled, opened or shut, squeezed or swatted are good because they help to develop physical coordination. To stimulate learning to talk, look for toys that make the baby part of the action instead of just a spectator. Watching is not as good as doing.

CONSUMER INFORMATION ABOUT CHARACTER TOYS

Toys in the form of characters from TV, films, and books give the child the companionship of familiar friends. This can be important for the child who is playing alone. These toys help children to express their feelings by acting out the roles the characters play and by creating imaginative plays of their own—this is especially true of hand puppets and ventriloquist dolls.

CONSUMER INFORMATION ABOUT PRE-SCHOOL TOYS

Pre-schoolers have a lot to learn in a short time. A well-balanced variety of toys helps them develop the physical, intellectual, creative and social skills that they will need for school and for living. When you are selecting new toys, try to think about all the child's needs; avoid buying toys that have the same purpose or that repeat toys already owned.

CONSUMER INFORMATION: MORE ABOUT PRE-SCHOOL

Whether or not children are "well-adjusted" depends a lot on how much chance they have had to develop self-confidence. Toys for pre-schoolers should help them to feel proud of what they can do. Try to choose toys that are challenging but not so difficult that they discourage the child. Children who like themselves find it easier to like others.

CONSUMER INFORMATION: LEARNING THROUGH PLAY

While preschoolers are having fun with toys, they can also be learning many important things. Well-chosen toys can help preschoolers to recognize similarities and differences in colors, sizes, shapes, and textures and to understand relationships such as in-out, light-heavy, above-below. Toys can also teach children to understand and deal with numbers and words.

CONSUMER INFORMATION: BUILDING BODY SKILLS
Pre-schoolers need toys that help them gain better control of their bodies. They need to be able to use their large muscles in active physical play. They also need help in learning to use the small muscles in their hands for close work and for developing coordination. This kind of activity is fun for children playing alone—and it helps them get along with other children.

CONSUMER INFORMATION ABOUT RIDE-ON TOYS

Ride-on toys are an excellent way of helping pre-schoolers to develop their large muscles and improve their balance and coordination. Ride-on toys also develop the child's imagination by encouraging role-playing and are a good way of learning how ■ take turns and share. Be sure the child's feet can reach the floor and hands can reach the handlebars.

CONSUMER INFORMATION: MORE ABOUT RIDE-ONS

For juniors, ride-on toys are an entertaining way of releasing pent-up energy. They give the child the kind of exercise that develops large muscles and coordination. They also stimulate role-playing and encourage sharing and rule-making. The child's feet should reach the pedals, and handlebars should be within easy grasp so the child can control the vehicle.

Modern Building Techniques With GIRDER AND PANEL BUILDING SETS

Authentically Designed Plastic Beams, Columns and Panels form the framework for creative engineering and construction fun. Kids can design and build structures themselves—the same structural designs are used in modern skyscrapers and bridges! Just snap the sturdy pieces together—columns and beams fit together; panels snap into rivets—snap them apart again to start another project. Sets include planning book that show lots of different models.

CONSUMER INFORMATION ABOUT BUILDING TOYS

Building toys provide beginning experiences in engineering and construction principles. They give the child practice in organization and problem solving, develop eye-hand coordination and a sense of achievement. They can be used by a child playing alone or in a group. When choosing a set, consider the quantity and intricacy of pieces in terms of the child's age.

CONSUMER INFORMATION ABOUT PUZZLES

Puzzles are an intellectual challenge to children. Putting them together calls for eye-hand coordination and helps to develop the child's ability to solve problems and to recognize shape, color, and size differences. Success with puzzles adds to the child's self-confidence. Match the puzzle to the child; for younger children, choose puzzles with fewer, larger pieces that are set into a frame.

15 13-Pc. Sesame Street® Activity, Color, & Storybook Set. What a fantastic rainy-day quiet toy! Chock full of things to do. CONSUMER INFORMATION ABOUT GAMES

Games are among the most valuable gifts that can be given to a child or family. They encourage families to play together, providing a way for adults and children in a variety of age groups to share an enjoyable experience and to learn to appreciate each other. With all games, plans for proper storage are important, so that parts are not lost or broken

Mr. Mouth—flip your chips at his moving lips!

A Mr. Mouth is a funny-looking "clam" head who rotates while opening and closing. Each player tries to flip their color chips into the open mouth—the first to flip them all in wins! It doesn't take too much skill for little kids because Mr. Mouth can hardly keep his big mouth shut. Plastic. 5½x17-in. diam. Uses one "C"-cell battery—not included, order below. For 2 to 4 players, ages 5 and up. Mailable: wt. 1.20 lbs.

E **Worm Wrestle.** Manage a "rassien" metal worm in the ring. Place the play money bets, and flip on the switch. There's hilarious wiggly-wagging till only one worm remains in the ring, and his "manager" collects the pot. 13½x13½ in. board. Comes with play money. Metal, plastic, and cardboard. Uses 1 "D"-cell battery—not incl. 2 to 4 players.

X 924-8861 A—Ages 12. 1.75 lbs. 4.99

X 957-1761 A—"D" Cell. 1.40 lbs. Pkg. 6 1.39

F **Cracker Jack.** Remember the old-time toy prizes in the boxes? They're back now, in an easy-to-play no-reading memory game. The idea is to match up the picture on a card with that toy hidden under one of the boxes. It takes luck and memory, and the winner's the one who matches the most. Plastic and cardboard. 2 to 4 players.

X 924-8865 A—Ages 8 to 12. 1.50 lbs. 4.78

With every move you'd better pause, because, it's

JAWS

JAWS! You can almost hear the pounding music as each player tries—ooh, so carefully—to boathook a piece from the weird collection of junk in the big fish's JAWS. Don't make a slip! If you do...JAWS! And you're out of the game. (Don't worry, Mom, the jaws don't spring shut very hard.) Plastic "great white" shark is 15 in. long. For ages 5 and up. For 2 or more players.

X 924-8279 A—Mailable: wt. 1.50 lbs. 4.99

The Magic Hat with 12 mystifying tricks 10⁹⁹

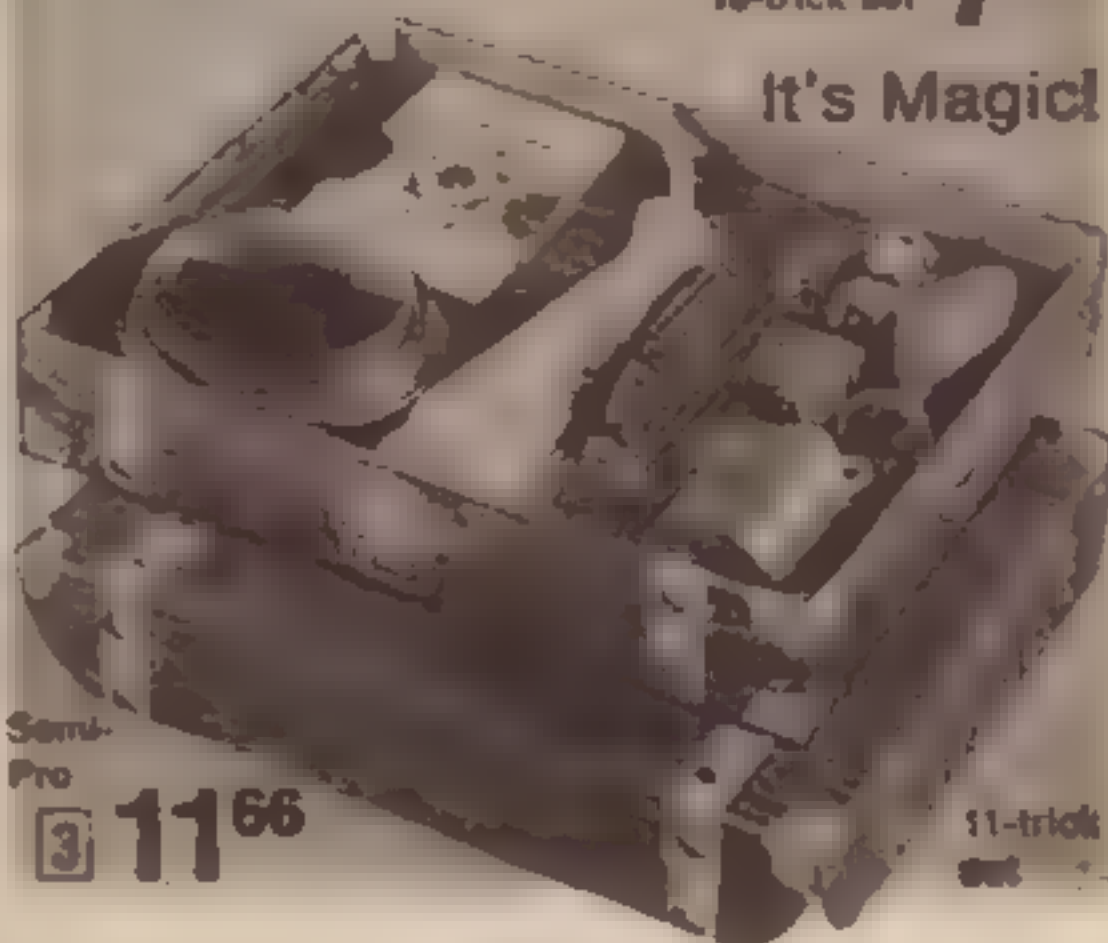

1 The Magic Hat! You can do 12 magic tricks with water and cards and a disappearing wand. There's a ball from nowhere, and flags that vanish and reappear, and even a mind-reading trick! 7-in. high plastic hat with hidden compartments contains wand, 13 cards, flags, and 3 paper bags—instructions tell you how to do more tricks too. Ages 10 to adult. Mailable: wt. 1.25 lbs.

It's Magic!

Semi-Pro
11-trick set 11⁶⁶

2 Do Card Tricks. turn a penny into a dime, make plastic balls multiply! All you need (except the coins) to do 18 mystifying tricks; also a magician's mustache, manual of 101 more tricks.
X 924-5986 A—Ages 8 to adult. Mailable: wt. 1.50 lbs..... 7.66

3 Deceptions in Magic Set. Make the water jug mysteriously re-fills itself. Turn nickels into dimes, make "rabbits" and "eggs" vanish into thin air, escape from the fearsome Siberian Chain. You'll surprise your audience—and yourself—with the tricks you do. There's everything (but the coins) for 11 great "deceive the eye" tricks, plus a wand and a book that tells how to do 102 more!
X 924-9816 A—Ages 10 and up. Mailable: wt. 4 lbs..... 11.66

How good are you at remembering faces?
Mug Shots... the game of 10 million faces!

4 Can You "Place A Face"? Here's a great detective game that tests "eyewitness" memory for faces. Has 30 sample "mug shots," twelve 3x4 in. head-shape cards, and 42 transparent sheets of face components like eyes, hair, ears. By making a "sandwich" of sheets in the 2 plastic assembly trays, you can construct 10,000,000 different faces! Players get to study a face for 30 seconds, then see who can reassemble it from memory. Great fun for ages 8 to adult. Mailable: wt. 1.50 lbs.
X 924-9562 A..... 4.44

Mystery Maze... you need skill and luck

5 Mystery Maze. Two to four players work controls to send their marbles through a maze. In the center is a scoring target, but it's covered, and it's rotating! The game's over when someone gets four marbles into the scorer—or when the spring winds down and the scorer stops turning. Then pick up the cover, and learn the scores! Plastic. 16 in. diameter, 5 in. high. Ages 6 to adult.
X 924-9574 A—Mailable: wt. 4.30 lbs..... 9.99

Popcorn... it's fun,
if it doesn't drive you crazy

6 First Player to Get 3 Marbles of the Same Color to land in matching slots is the winner, and the game shuts off. If a wrong-color marble lands in your slot, just push a "piano key" to get it out. Sounds easy, but the trouble is that the clear plastic dome is alive with all different color marbles that move like popcorn on a frying pan. Plastic. 15x15x10 in. high. For 2 to 4 players, ages 4 to adult. Uses 3 "D"-cell batteries—batteries not included, order under [D] at right.

X 924-9590 A—Mailable: wt. 3.25 lbs.... 9.99

A Electro Pinball. Far-out space scenes in a bell-clanging, light-flashing game with 8 scoring bumpers and 2 flippers. Big dial automatically keeps the "astronomical" score. Flashing "tilt" light up on top. Spring-plunger reloader keeps the steel balls rolling. 30 x 15 x 43-in. high overall. Plastic. Ages 4 and up. 110-120 V, AC. UL listed. Caution: plug-in toy—see note on page 463. Some assembly required.

X 924-9924 A—Mailable: wt. 17 lbs..... 32.88

B Battery-Powered Action Pinball. Jazzy jet-age decorations on steel playing surface. Light flashes, bell rings—11 scoring bumpers, 2 flippers. Automatic sweep scoring dial. Spring-plunger reloader keeps steel balls in play. Plastic table is 43 in. high, 24x14x43-in. high overall. Ages 6 and up. Uses 4 "D"-cell batteries—batteries not included, order under [D] below.

X 924-9932 A—Mailable: wt. 14.50 lbs..... 22.88

C Battery-Powered Table Pinball. Vividly colored decorations on steel playing surface. Light flashes and bell rings as 2 flippers play balls off 11 scoring bumpers. Spring-plunger reloader keeps steel balls in play. Plastic. 28x13x22 in. high overall. Ages 6 and up. Uses 4 "D"-cell batteries—batteries not included, order under [D] below.

X 924-9957 A—Mailable: wt. 10 lbs..... 14.88

D MX-500. Battery-powered action pinball with dirt bike decorations. Unique angled playing surface speeds up the action. New hand control system moves four flippers—they really keep the steel ball moving around the 8 bumpers. Ball loading and score keeping are both automatic. Plastic. 24x14x8 in. high overall. Ages 4 and up. Uses 4 "D"-cell batteries—not included, order below.

X 924-9961 A—Mailable: wt. 6 lbs..... 12.97

"D"-Cell Batteries. Package of 6.

X 957-1761 A—Mailable: wt. 1.40 lbs.... Pkg. 1.39

E Spiral Ball. The spring-plunger sends 9 marbles scooting around the spiral, careening off the dome and landing in the scoring rings. It's played with the game sitting flat (not standing up, as it's shown in the picture). Plastic. 21x10½x9 in. high. For ages 4 and up.

X 924-9707 A—Mailable: wt. 3.50 lbs..... 7.99

F Roto Ball. Combine pinball with the speed of hockey. Each player has 2 hand controls. Once the ball is dropped into play, one hand control rotates the spinning flippers that speed the ball toward the goalie flippers. All action takes place under a clear plastic shield. Plastic. 36x18x5-in. open—folds in half into a neat storage/carry case. Ages 8 to adult.

X 925-0267 A—Mailable: wt. 9.50 lbs..... 16.88

G Junk Yard. Use the flippers to send the ball through the holes. Land in a scoring hole, you score, and up pops a tab showing an old shoe, a tin can, busted birdcage, etc. But don't go in the "keep out" holes—lose two balls there and it's the next player's turn. Plastic. Measures 19x16x12 in. high. Any number can play. Ages 7 and up. Assembly required.

X 924-1100 A—Mailable: wt. 2.50 lbs..... 8.99

H Frenzy. You control the rate at which the balls come. Wind up the center knob, set the speed at "beginner" or "expert," and the six balls start coming! You've got to be quick for this game! Turn knob to try and guide ball down the "steps" and into highest scoring track before the next ball comes—or keep two balls going at once! Plastic case, with simulated woodgrain finish. Snap-in back stand included. 5x4½x22 in. high when assembled. Ages 6 and up.

X 923-6175 A—Mailable: wt. 3.15 lbs..... 11.77

I Toss Across®. Go for 3 in a row! Play bean-bag tic-tac-toe by pitching 6 bags at the targets; hit the target just right, and it flips to show an X or O. Flip three X's or O's in a row to win! Plastic board is 22x18½x5½ in. high, 2 players or 2 teams, ages 6 and up. Some assembly required.

X 924-0805 A—Mailable: wt. 5.50 lbs..... 10.99

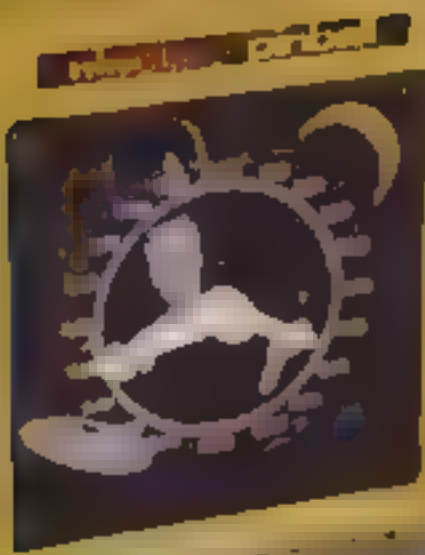

CONSUMER INFORMATION: MORE ABOUT GAMES

Games provide an entertaining, easy way of teaching children how to get along with other people. Through games, children learn why rules are necessary when people are trying to live, work, and play together. Games also develop the ability to share and take turns, to compete in a friendly, cooperative way and to be a good sport whether winning or losing.

1 Aerial Aces. An arcade game of World War I flying combat! Watch the images of the old-time biplanes pass across the 10½x12 in. screen. Fire bursts from your WWI "banjo-top" swivel machine gun—it shoots a light beam, and on each direct hit you'll see an "explosion" on the screen and hear a bell. Automatic scorekeeper on front. Plastic. 23x14x12 in. h. One or more players, ages 7 up. 110-120 V. AC. UL listed. Assembly required. Caution: electric toy—see note on page 463.
X 924-9723 A—Mailable: wt. 9 lbs. 39.98

2 Targetland. Flip down the muzzle on the 24½-in. long plastic rifle. Load with a soft polyethylene dart. Fire at the target. Air blast propels dart over 20 ft. Hit the bullseye or the animal targets and the dart will stick, or knock down spinning geese, flip over ducks and clay pipes. 17x41 in. target. Comes with 12 soft darts. Partially assembled. For ages 7 and up.
X 924-1837 A—Mailable: wt. 6.40 lbs. 11.99

3 Last Chance. Squeeze the trigger on your gun—spring action sends a steel ball rolling out. The idea's to hit the moving pucks as they glide down the center and send them into a scoring hole. You need a sure aim and a steady hand, and strategy helps too because you only get 3 shots apiece. 18x18 in. playing board. Built-in scorekeeper. Plastic. Partially assembled. For 2 players, ages 7 and up.
X 924-8311 A—Mailable: wt. 3.50 lbs. 9.87

4 Velcro Ball Darts. They can't do any damage because they don't have points—but they sure do stick! The plastic balls have brightly colored velcro strips—and they stay right where they hit the cloth target (they don't roll, or slide on the target the way magnetic darts can). 17x15 in. target has top and bottom supports—can roll up like a scroll for take-along fun. Comes with 3 dart-balls. For one or more players, ages 4 to adult.
X 924-9756 A—Mailable: wt. 0.50 lbs. 4.33

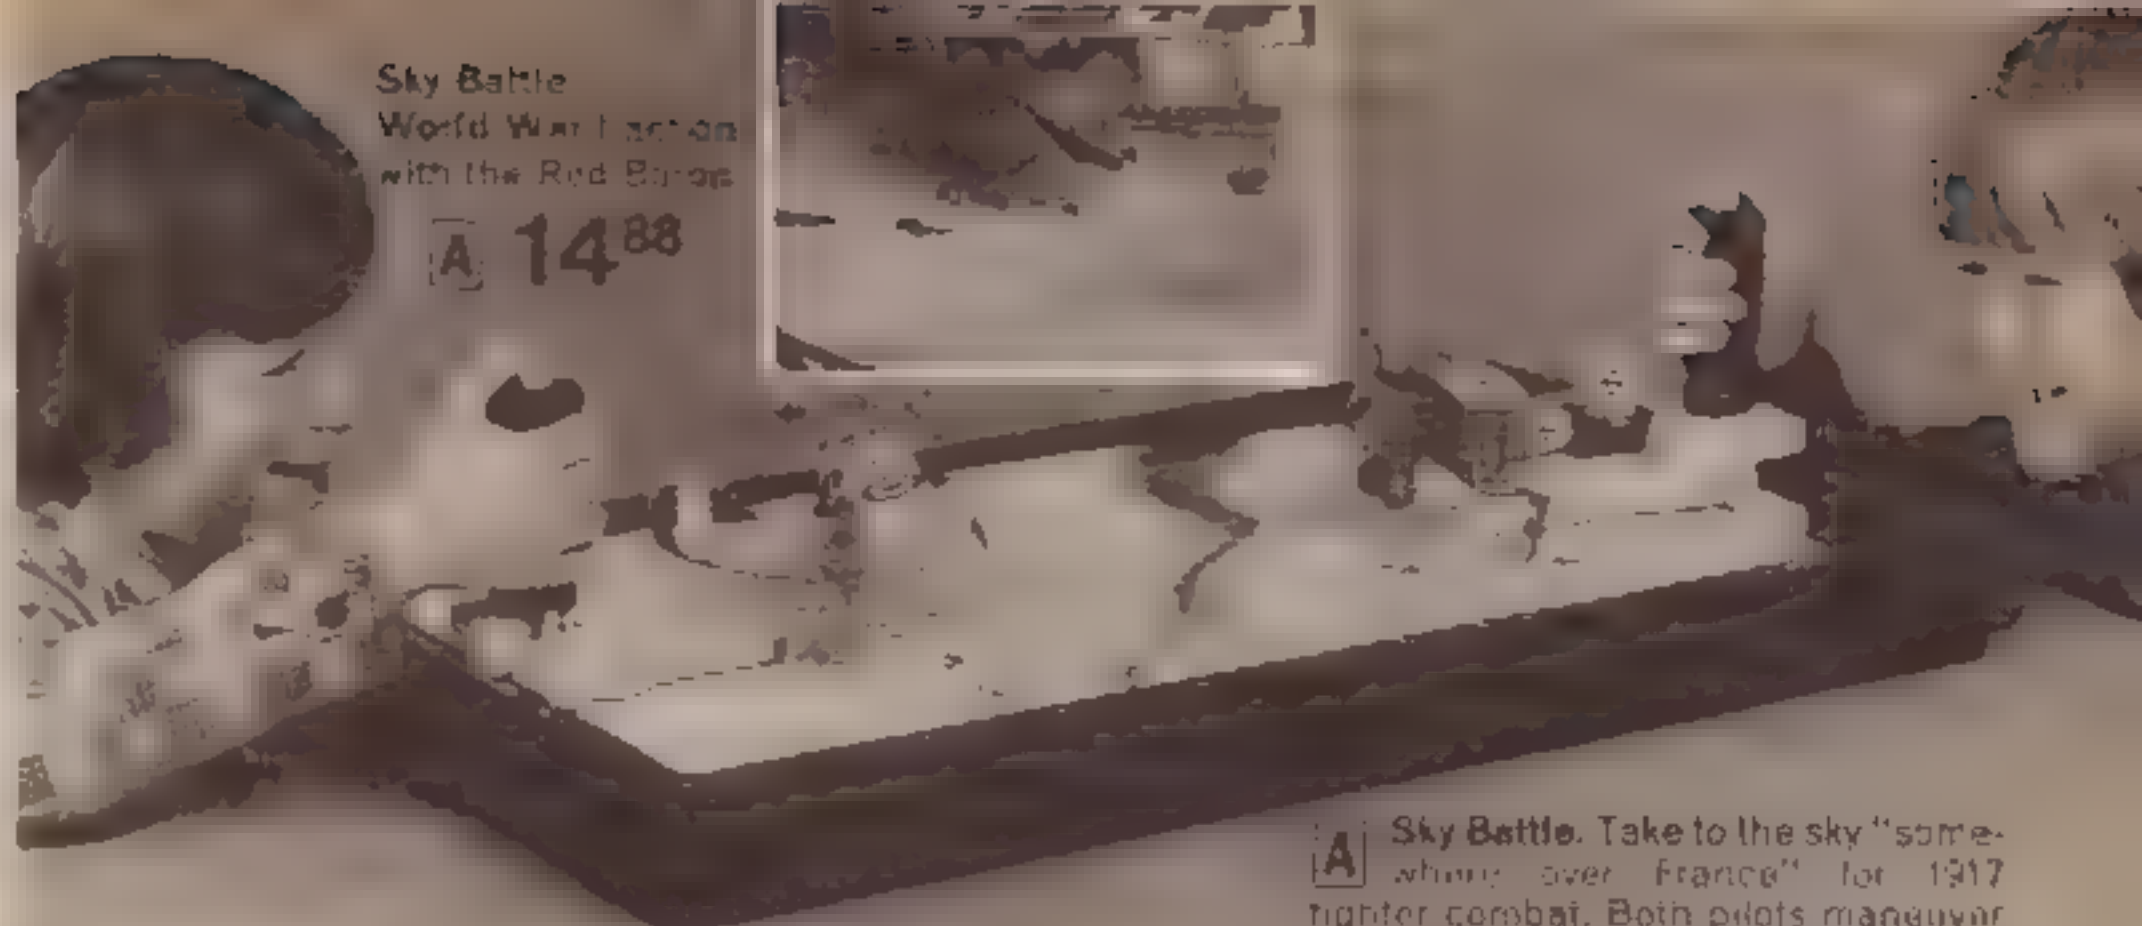

5 Magic Shot Shooting Gallery. Enclosed in plastic—shots can't stray. Place magnetic-tipped pistol against outside clear acetate-plastic window. Pistol's magnetic pull slides pellet out of tray, into firing position. Aim, fire, and spring mechanism raps the shield—propels pellet toward target! Enclosed gallery complete with spinning, knock-down and stationary targets, plus bell. 14x9½x8½ in. high. Attached pistol fastens side when not in use. For ages 4 to 10.
X 924-2165 A—Mailable: wt. 1.75 lbs. 9.66

6 Rattlin' Gattlin' Shootin' Gallery. An "old-fashioned" crank-operated Gatling machine gun in a new-fangled gallery game! Turn the crank and the barrels really rotate like the way-back-when guns. Fire the swiveling machine gun in single shots or in bursts—the steel balls stir up a lot of action in the gallery, but they can't get out because it's all enclosed. Plastic. 30x14x14 in. high. For one or more players, ages 4 to adult.
X 924-9749 A—Mailable: wt. 9 lbs. 14.88

7 Lite Blaster Moving Monster Gun. Zap spooky cookies, dematerialize ghosts and goblins. In a dark room the Moving Monster Gun will project a target onto any smooth surface—but you've got to shoot the things before they move away! Take aim, pull the trigger, and zork! There's a hole in the spook just where you aimed—and it's all done with nothing but light! No noise, missiles, or danger! Includes Monster Gun, and targets. For ages 4 to 12. Uses 3 "C"-cell batteries—not included, order under [8] below.
X 924-9764 A—Mailable: wt. 1.90 lbs. 9.94

8 Tin Can Alley. Detailed gun has the look and feel of a real target rifle. Pull back the lever to cock the trigger, aim down the sights just like a regular rifle. Aim for the star on a can, squeeze off a shot, and there's a loud BANG! But nothing flies through the air except a split-second beam of light! If you've aimed well, the beam enters a "knothole" in the fence and activates a photo-cell mechanism that tips the can over! Shoot from up to 30 ft. away. Plastic and metal rifle is 39 in. long. Comes with 5 cans. Partially assembled. For ages 8 to adult. Uses 4 "C"-cell and 3 "D"-cell batteries—not included, order below.
X 924-8303 A—Mailable: wt. 6.40 lbs. 24.88
X 959-0787 A—"C" Batteries. 0.95 lbs. Pkg. 6.1.39
X 957-1781 A—"D" Batteries. 1.40 lbs. Pkg. 6.1.39

9 12-Piece Target Set has everything you need to set up target practice. 24-in. double-barrel shotgun fires two darts, one after the other. Two 7-in. dart-firing hand guns are also included in the set. All darts have non-removable soft tips. Guns have catch to prevent misfiring. 12-in. two-sided target, 8 darts. For ages 7 and up.
X 923-4477 A—Mailable: wt. 1.75 lbs. 3.99

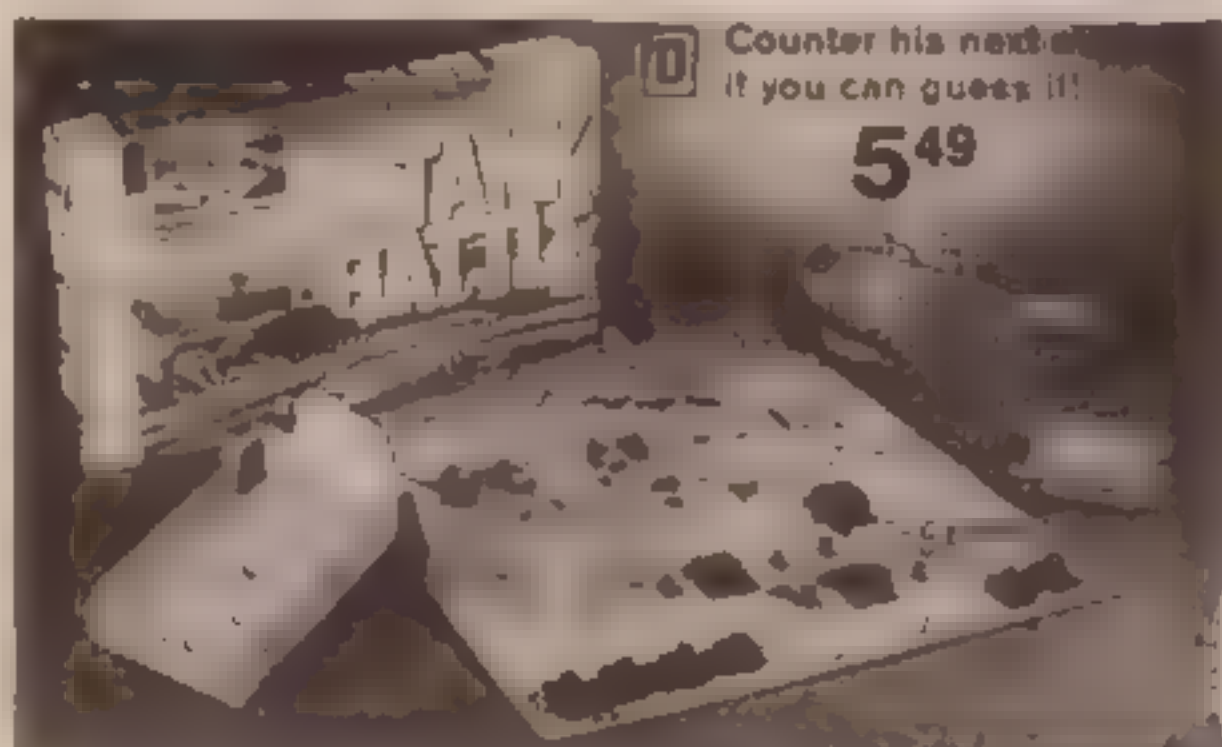

A Sky Battle. Take to the sky "somewhere over France" for 1917 fighter combat. Both pilots maneuver their planes by sliding and turning them. Squeezing the "machine gun" button on the control stick sends steel balls rolling at the other plane. Knock out both wings and you've shot him down! 15 x 22½ in. playing board. Plastic. Assembly required. 2 players, ages 7 and up. Mailable.
X 924-8329 A—3.50 lbs. 14.88

B Tank Command. Each player has 4 tanks, and ten artillery shells with calibers from 1 to 10. Both choose a shell, then "fire" by comparing the caliber of their choices. The more powerful shell forces the opponent's tanks back. When a tank gets pushed all the way back to a land mine, pull the lanyard and—BARROOM—out it goes! But, careful! If you use your most powerful shells too soon then the other side will have enough fire-power left to win. Comes with tanks, shells, and a 10½ in. x 31½ in. plastic board. For 2 players, ages 7 and up.
X 924-1092 A—Mailable: 2.25 lbs. 9.99

C Chopper Strike. Two-level action. Anti-aircraft guns maneuver over the rugged terrain of the lower board. Choppers rule the transparent upper board. Skill and the chance of the dice move the pieces. Combat takes place in several realistic ways. 12 choppers, 12 anti-aircraft gun carriers. Two dice. Board is 23½x19½x5½ in. high when set up. Plastic and paperboard. Assembly required. For 2 players ages 8 to adult. Mailable.
X 924-9772 A—3.50 lbs. 6.77

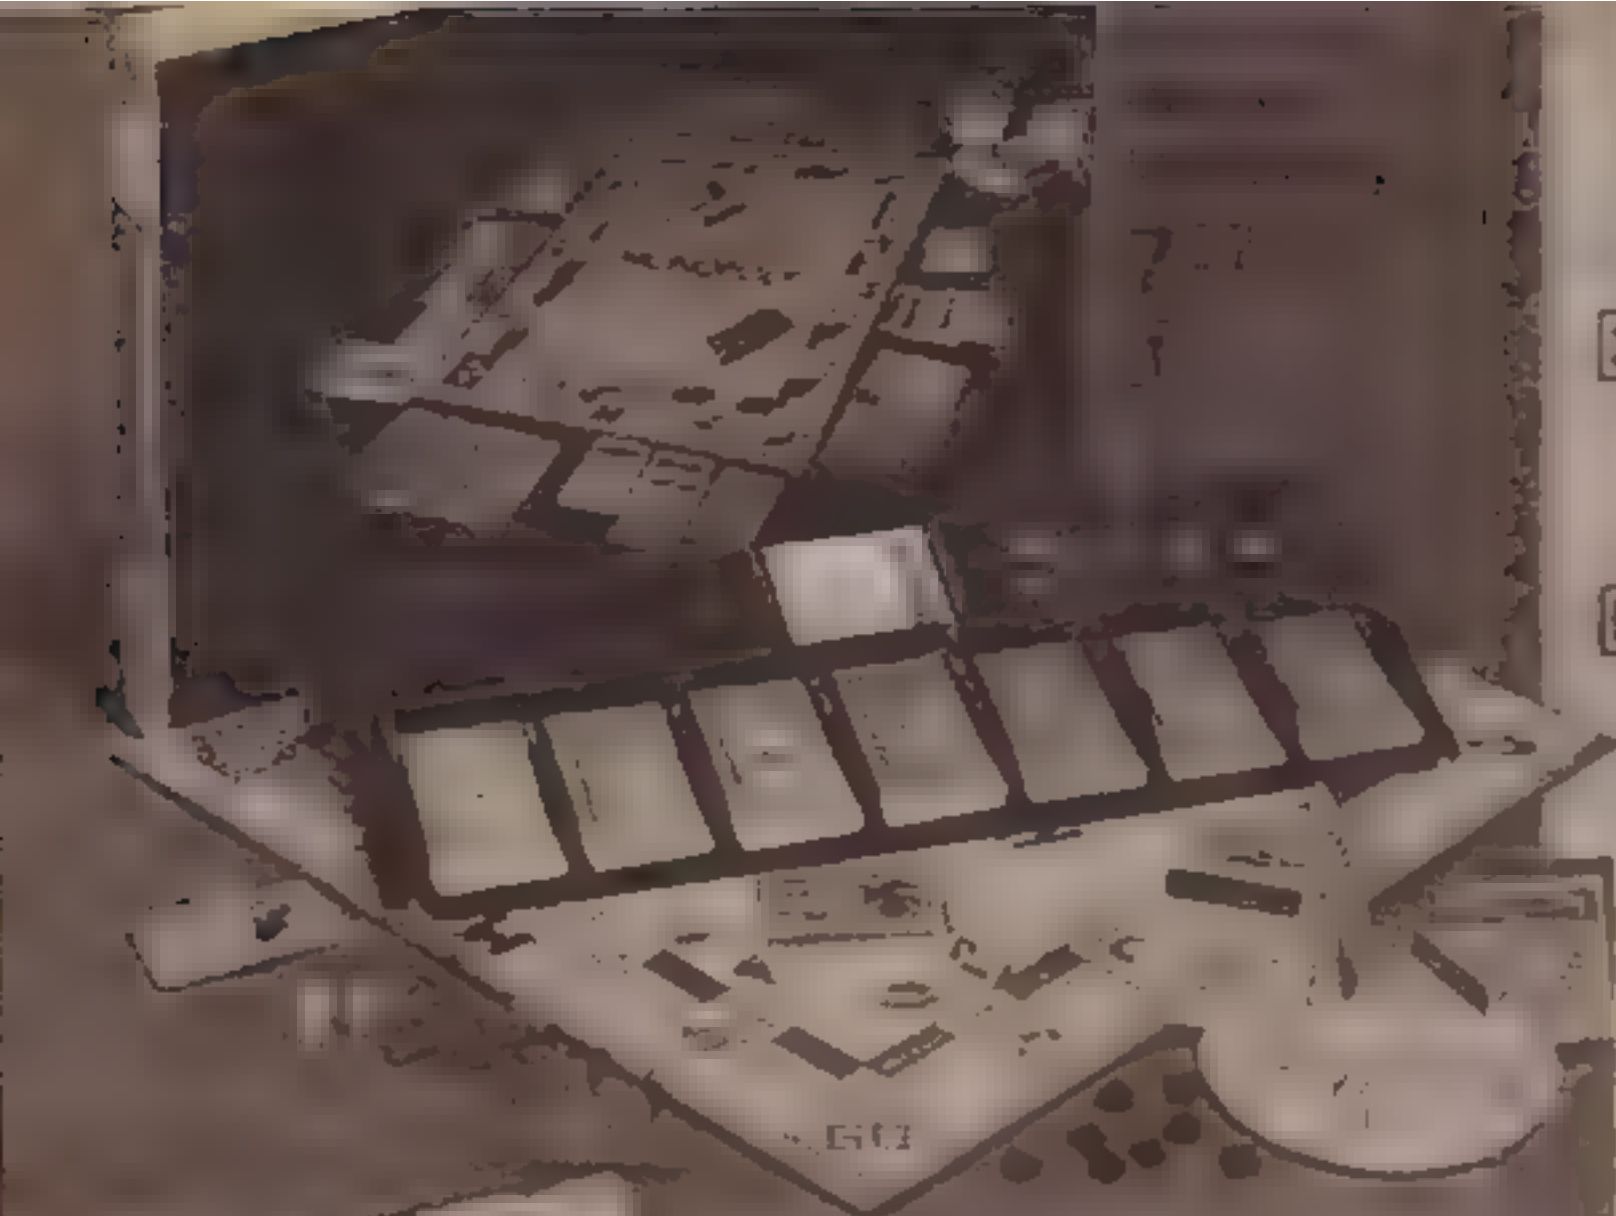

D Tank Battle. Something like chess with modern-day playing pieces on a terrain playing board. Arrange forces, plant mines, battle head-on with tanks and artillery. Destroy fuel dumps and cut mobility. Destroy ammo dumps and cut fire-power. The battle rages till one side has lost its tanks. 12 tanks, 10 artillery pieces, 2 headquarters tents, 2 fuel dumps, 2 ammo dumps, 8 grids, spinner, pegs. 23½x19½ in. board. For 2 players, 8 years old and up.
X 924-4013 A—Mailable: 3 lbs. 5.49

E Sub Search. A 3-dimensional strategy game. Navigate your surface ships over enemy subs. Drop depth charges at different levels to locate and sink them—while they're firing torpedoes sink your fleet! There's also a mined area to negotiate. Control panels record patterns of shots fired. Includes 4-level plastic and paperboard play board, 12 in. wide x 20 in. long x 11½ in. high. 12 ships, 6 flags, 2 mines. 250 position pegs. Assembly required. For 2 players, ages 10 and up.
X 924-2495 A—Mailable: wt. 3 lbs. 7.33

F Battleship. A classic. Each player commands a fleet of 5 ships that range from mighty carriers to silent, dangerous submarines. Try to sink enemy vessels by "firing" salvos and calling where the shots strike. Colorful pegs mark hits and misses. 2 plastic game boxes, 10 ships, and a generous supply of marker pegs. For 2 players, ages 8 and up.
X 925-2504 A—Mailable: 2.70 lbs. 5.39

Monopoly 477

1 Deluxe Monopoly. Spill a little fun on the board with this classic game. Includes the classic board, 28 tokens, 28 cards, 152 word cards with 600 words, 28 blank cards, score pad. For 2 to 6 players, ages 8 and up.
X 923-2042 A—Mailable: wt. 3 lbs. 7.97

Challenging and Fun...

3 Body Language. Pantomime action game ideal for parties or fun with the family. Players have 10 seconds to act out and try to guess each word before it disappears into the revolving turntable. Includes plastic turntable, 152 word cards with 600 words, 28 blank cards, score pad. For 3 to 6 players ages 9 and up.
X 924-4328 A—Mailable: wt. 2 lbs. 6.99

4 Numbers Up. A frantic race against the wind up clock! Unscramble the 20 numbered pegs and arrange them in order before the time runs out. 11x7 1/2 in. plastic board. Fun for 1 or more players ages 7 to 14.
X 924-4310 A—Mailable: wt. 1.25 lbs. 6.99

5 Twister. All you need are your hands and feet—Twister puts players face-to-face in a fun test of your "pretzel-ability"! Each turn on the giant spinner requires players to move a hand or foot onto a different color circle on the big 54x67 in. vinyl floor mat. It becomes harder and harder to keep balance—the first one to topple loses! Includes mat and spinner. Indoor/outdoor fun for 2 to 4 players ages 6 and up.
X 924-4336 A—Mailable: wt. 2.50 lbs. 5.44

6 Stay Alive. Use strategy in maneuvering the slides on the board—try to open holes and make your opponent's marbles drop through. 13x13 in. plastic board, slides, 20 marbles. For 2 to 4 players ages 8 and up.
X 923-3974 A—Mailable: wt. 1 lbs. 4.66

7 The Game of Life. Each player starts out with \$2000 and a car. From then on the future on the 23 1/2 x 19 1/4 in. 3-D board is determined by making the right decisions, and by spinning the "Wheel of Fate". Includes \$7 million in play money, tokens, cards, stocks, insurance policies, and fortune board. For 2 to 8 players ages 9 and up.
X 923-2081 A—Mailable: wt. 3 lbs. 6.44

8 Sorry. Players travel the 17 1/2 x 17 1/2 in. board controlled by "Sorry" cards. The first to get 3 playing pieces home wins. But it's never sure—the "lower" can always catch up for an exciting finish! Includes board, 15 playing pieces, deck of "Sorry" cards, rules for adults, special rules for kids! For 2 to 4 players ages 6 and up.
X 923-2000 A—Mailable: wt. 2.10 lbs. 4.77

9 Clue. Challenging detective game set on a spooky old-mansion game-board! You have to find the murderer, the weapon, and the scene of the crime using hunches and all your deductive reasoning. Plays differently each time. Includes 6 plastic weapons, suspect and clue cards, die, 15 tokens, pad, 19 1/2 x 19 1/2 in. board. For 3 to 5 players, ages 8 and up.
X 923-2018 A—Mailable: wt. 2.40 lbs. 4.99

10 Guinness Game of World Records. As players go around the 11x15 in. board, they challenge or break the records with questions taken from the actual Guinness Book of World Records. Includes question-and-answer booklet, score pad, dice, 6 tokens, 5 small balls, cup/ball and distance card, discs, and felt pad. It's record-breaking fun for 2 to 6 players, ages 10 and up.
X 924-4245 A—Mailable: wt. 1.40 lbs. 5.44

11 Risk. An exciting game of strategy. Players mastermind strategic moves to control countries, continents—the world! Over 450 playing pieces in plastic trays, cards, 6 dice and 22 1/2 x 22 1/2 in. board. For 2 to 6 players ages 10 and up.
X 924-4203 A—Mailable: wt. 4 lbs. 9.44

12 Solitaire. Plays like solitaire—scores like poker. Build 5 poker hands card by card. Score up, down, and across on the game board. 2-handed variations. Card deck and score pad store inside 13x6x2 in. folding plastic board. For 1 or 2 players ages 8 and up.
X 924-2439 A—Mailable: wt. 1.40 lbs. 5.94

13 Payday. Where does all the money go? Players move around the 19x19 in. calendar board juggling budgets when unexpected household bills arrive in the mail. Includes die, 4 tokens, mail and deal cards, play money, chart, pegs. For 2 to 4 players, ages 8 and up.
X 924-4443 A—Mailable: wt. 2.70 lbs. 4.77

14 Game of Othello. It's easy as checkers to learn, but endless strategic possibilities do make it challenging to master. The object is to out-flank your opponent's chips and capture them—in 8 different directions at once! Each move changes the board, so it takes advance planning of moves and shifting strategies to win. 12x15x2 in. plastic board has felt-like playing surface, and self storage compartments for 64 black-and-white chips. It's challenging fun for 2 players, ages 8 and up.

Air Trlx®—You need skill and speed to master these stunts **8.88**

1 Air Trlx—The 3-Dimensional Game of Skill and Action. Suspend the ball in mid-air with the air gun, and then try to do the stunts. Guide the air-borne ball through the ladder rungs; maneuver the ball into the helicopter cockpit to pick up the mail; work the ball through the weather vane holes; and place it into the barrel on the seal's nose. Set includes a 23½x9½-in. game board, plastic setups for stunts, ball, and air gun (air gun runs on two "D"-cell batteries—batteries not included, order under [5] below). For 1 to 4 players, ages 8 and up. Some assembly required. Mailable; wt. 3.40 lbs.

2 Perfection®. Hurry to beat the wind-up clock and fit the 25 geometric forms in their proper places. Speed's important—if you aren't fast enough, the second timer runs out, and all the pieces jump up! 11½x8½x3-in. high plastic board with wind-up timer, on/off switch. One or more players. Ages 5 and up.

X 924-9780 A—Mailable; wt. 2.20 lbs. **6.88**

3 Superfection. Even more of a challenge than Perfection [2] above. Pair the multi-colored plastic shapes while racing the 2-minute timer. You'll need to be quick to beat this timer, but watch out—if you don't, the pieces jump off the board! 11½x8½x3-in. high plastic board with wind-up timer, on/off switch, geometric pieces. One or more players. Ages 8 and up. Mailable; wt. 2.25 lbs.

4 Mousetrap. Players take turns building a kooky mousetrap while their mice move 'round the board. Turning the handle starts a chain reaction of moving parts—until a mouse is caught. Make sure it's not yours! 18x18-in. game board, plastic pieces, mouse movers, steel ball. 2 to 4 players. Ages 8 to 14. Mailable; wt. 3.70 lbs.

X 924-3379 A **6.99**

5 Operation®. Players are "doctors" and use electric tweezers to operate on a patient with a batch of crazy ailments like "spare ribs", "funny bones", and "broken heart". Players use the tweezers to remove the plastic ailment; if they slip, the "patient" buzzes and his nose lights up! Complete with pickup cards to determine the type of operation and "doctor's fee"; also play money. One or more players. Ages 6 to 14. Uses two "D"-cell batteries (not included, order below). 6 Beat the 8-Ball. This family game calls for strategy and split-second timing. Players take turns dropping the 8-ball into the funnel, then all players press levers to start their own balls rolling down the chute. If your ball gets to the bottom way ahead of the 8-ball, you only score a little; just barely ahead of it and you score a lot. (But be careful—if it gets there after the 8-ball, you lose points!) The strategy comes in because the way a player puts the 8-ball in the funnel can control when it drops—and it's his secret! Plastic. Set up is 28-in. in diameter. For 2 to 4 players. Ages 7 and up. Assembly required.

X 924-1050 A—Mailable; wt. 2 lbs. **7.66**

7 Breaking Point. You need good nerves and steady hands to win at this game. Use the sticks to place the plastic balls onto the supporting nest of 12 balls. Each ball brings you closer to the breaking point. One slip, or one ball too many, and they all come crashing down. Plastic base, sticks, bridge, balls, and string included. Some assembly required. For 2 to 4 players. Ages 7 and up. Mailable; wt. 1.5 lbs.

X 924-8261 A **4.99**

8 Sunken Treasure. A fortune rests on the ocean floor (a motorized turntable beneath the game board), and you have to "dive" for it through the access holes. But if your probe slips, and you hit the board, your booty may be whisked away to within your opponent's reach. Requires 2 "D"-cell batteries (not included, order under [5]). Plastic board, probe, play treasure and money, and pick-up cards. 1 or more players. Ages 8 to 14. Mailable; wt. 3 lbs.

X 924-9830 A **6.99**

9 Gnip Gnop. Pound the keys continuously in order to shoot all the balls to your opponent's side of the board—but watch out, he's trying to do the same thing to you! 12 balls, 19x7½x6 in. plastic playing field with transparent plastic dome. For two players, ages 8 to 14. Some assembly required. Mailable; weight 2 lbs.

CONSUMER INFORMATION: LEARNING WITH GAMES

While children are having fun with games, they are strengthening their mental abilities and feelings of self-worth. Games can help children to count and do simple arithmetic and also read and spell. In addition, games give children confidence in their ability to think by giving them practice in such skills as planning, organizing, and problem-solving.

1 Dart Ball. The 3 Velcro® ball "darts" have no points, so they're safe around people, walls, and furniture. But they sure do stick, and they stay put where they hit the target—don't roll or slide the way magnetic darts do. 14 in. diameter target has a cloth face mounted on a 14x14x2-in. plastic frame.
X 925-0549 A—Ages 4 and up. Mail: wt. 1.25 lbs. **6.33**

2 Sam Sleepwalks On Friction Wheels. Players have to pull the elevator up to each floor. As Sam sleepwalks off to the edge, you pivot the platform to get him back on the elevator. If you get him up to the roof try hook his wrench to the crane and he'll ride back down. The winner's the one who can get Sam back down the most times without having him fall—his hairbreadth escapes while "sleepwalking on the girders" make this a hilarious action game. Plastic. 21 in. high. Assembly required. 2-4 players.
X 925-0368 A—Age 5 and up. Mailable: wt. 2.25 lbs. **9.84**

3 One-On-One Basketball. The pace is fast as you flip your control handle to shoot the ball at the other basket. When the ball's coming at you, defend by flipping up your court floor to hit the hand on your basket's rim. The whole court's enclosed in a net, so the action doesn't stop until the winner gets 21 baskets. 29x9½x24 in. high set up. Plastic. Assembly required.
X 925-0259 A—2 players. Age 8 up. 5 lbs. **12.77**

4 TV Tennis. The court is a tinted 12½x8½ in. screen with tennis court boundary lines. Each player turns a dial to control his paddle in the back court. Plastic paddles are visible through the screen. Tennis ball is a moving dot of light. 11-pt. scoring is automatic—a bell rings each time a point is scored. The first player to score 11 point loses—a flag points to winner's score. High-impact plastic. Uses 3 "D" batteries (not incl.—order below). 17x13x13 in. high.
X 923-3882 A—2 players, ages 6 up. 4.90 lbs. **17.88**

5 Top Ten Fun Games. Something for everyone. Hockey, bowling, billiards, shuffle bowl, tennis, shuffle board, bocci, golf, magnetic darts, soccer, bull's eye, baseball, racing—you can even concoct your own games! Metal board is 26½ in. long—and there's a score counter at each end. Plastic and metal pieces.
X 925-0333 A—Ages 8 up. Mailable: wt. 4.50 lbs. **6.99**

6 Nutty Tennis is lively, zany, loads of fun! The ball flies back and forth over the plastic net with 2 button-controlled, spring-activated plastic rackets. Don't worry about losing the counterbalanced ball—it's attached to the game. Keep score with the pegs on the sidelines. 16x32 in. coated fiberboard court. 2 rackets, net, tethered ball. For 2 players, ages 5 and up.
X 923-4097 A—Mailable: wt. 2.25 lbs. **7.95**

7 Trap Tennis—to score, trap the peg in one of three holes on the end of your lever. One player serves fast or slow, then each player can let the ball go by, hit it, or try to trap it. Plastic base is 29 in. long, with 17 in. long revolving arm. 2 plastic paddles. For 2 players. Ages 7 and up.
X 924-1118 A—Mailable: wt. 2.25 lbs. **6.77**

8 Hit-N-Run Pinball. Use the spring-plunger to shoot the ball, and see if you get a hit. Miss and it lands in a ball, strike, or out slot. If it is a hit, the diamond starts turning, so the batter can "run the bases." Where the diamond stops shows if the hit's a single, double, triple, or home run! Plastic. 12½x6½x23-in. long. 18 plastic ball players. For 2 or more players.
X 924-8296 A—Ages 7 and up. Mail: wt. 3.50 lbs. **12.98**

9 Eight Games in One. In each game the puck slides up, under the game, then flips back to land and score. As your skill in placing the puck improves, your score goes up! Includes 4 reversible game cards—a total of 8 different games—4 red, 4 yellow roller pucks—sturdy plastic board. 36x10x2½ in. 8 or more players.
X 924-4096 A—Ages 6 and up. Mail: wt. 2.40 lbs. **7.99**

10 Spike-Shot Volley Ball. The ball's on a tether rod—it's got to come directly to one of your three mechanical players, and by pushing his control lever at the right instant you'll send it back. Two little problems make things interesting—first, you won't know till the last moment which of your 3 players the ball's coming to, and second you'll never know if the ball will hover for an instant or drop straight in a "spike"! Plastic game is 17½x11½-in. Some assembly required. 2 players.
X 925-0275 A—Ages 8 and up. Mail: wt. 3.25 lbs. **7.89**

CONSUMER INFORMATION ABOUT ACTION GAMES

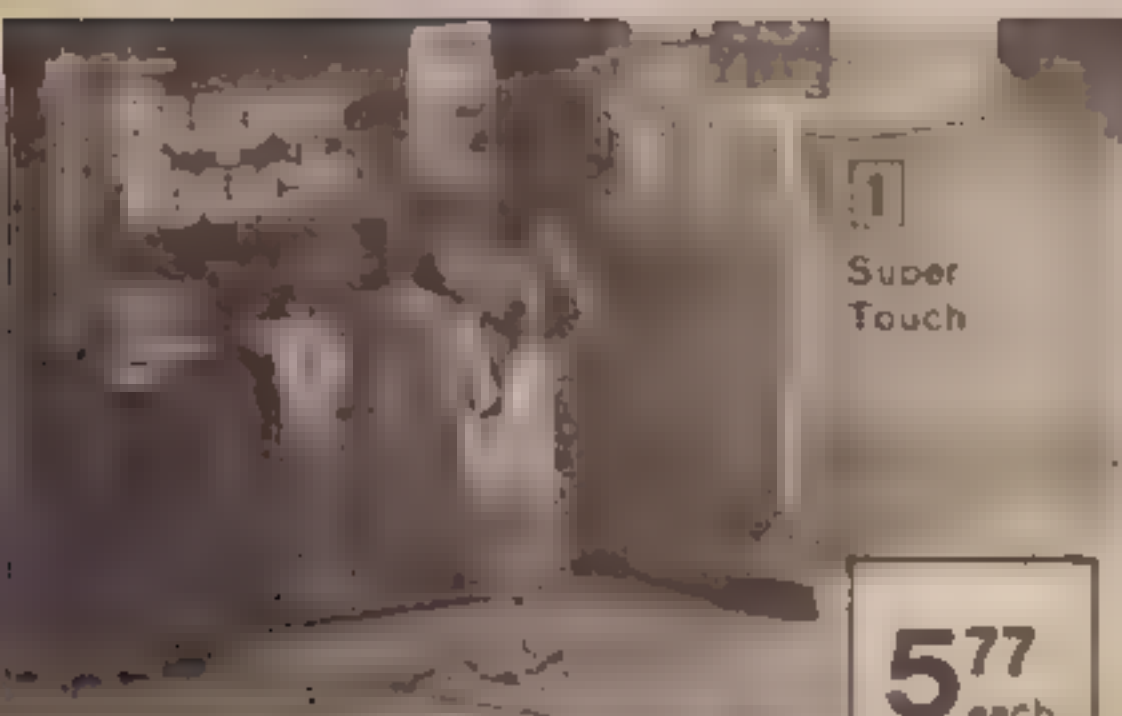

Action games can turn the child's playtime into a lively, exciting experience. They help to develop concentration and eye-hand coordination. Children can enjoy practicing alone, but the big fun is in group play. When buying games, look for those that require some skill. They hold the child's interest better than games of pure chance and provide more challenge.

PELÉ SOCCER GAMES

from the King of Soccer himself!

1 Pelé Deluxe Soccer. The strategy and excitement of soccer action in a quality, heavy-weight game table. Thick wooden side and end panels are covered with tough, beautiful wood-grained vinyl laminate. Strong tubular steel legs are chrome-plated, fold for storage. Chrome-plated steel player rods have telescoping, spring-return action for fast play. Twenty-two 4 in. high plastic players. Built-in scorekeeper at each end. 47 1/4 x 24 1/2 x 28 1/2 in. high overall. Not fully assembled—you attach legs. Not available—see page 332.

X 924-9939 A—Shipping weight 32 lbs. 47.95

2 Pelé Air Power Soccer. Great action! Powerful streams of air are forced out through the two gooses—the people playing the game control the direction the air streams blow by moving the gooses. The air moves the ball, and also whisks the men on the field so they “kick” the ball around. Play defensively to keep the ball out of your goal, or offensively to send it down to the other end of the field. But, you’re never sure what those kickers will do! Really wild action! Wooden frame has oak-grained vinyl laminate finish. Folding legs. Overall size 40 1/2 x 21 1/2 x 32 in. high set up. Not fully assembled—you attach legs. For ages 8 to adult 110-120 V, AC. UL listed. Caution: electric toy—see note on page 463. Not available—see page 332.

AIR POWERED HOCKEY

as fast, as exciting, as playing on ice

Air is forced electrically through tiny holes on the "playing field". It forms a cushion of air that the puck really flies across. Lively bumpers make rebounds almost as fast as the shots themselves!

A Power Jet Deluxe Air Hockey. The action is fast, the competition furious on this 52½ x 24½-in. styrene playing surface. Built-in scorekeepers at each end keep track of the goals. Includes 2 strikers and 2 pucks. Sturdy wood frame has a beautiful—and tough—teak-grained vinyl laminate finish. Staggered wind legs fold for storage. Set up in minutes. \$27.99. High. Not fully assembled—you attach legs. 110-120V, AC, UL listed. * Not available—see page 332.

CONSUMER INFORMATION: A CHILD'S OWN FURNITURE

Having furniture of their very own gives children a sense of self-worth, pride, and independence. It can teach them to be neat and orderly and take care of things. It is also more convenient and comfortable when they are working on hobbies and doing homework. Look for furniture that is sturdy and well-made and that has enough work surface to spread out materials.

CONSUMER INFORMATION ABOUT COSTUME CLOTHING

Costumes are not just for Halloween. Dressing up can be a favorite kind of play for children any time of the year. Costumes provide a means of self-expression, whether children are acting in neighborhood theatricals, entertaining the family at home, or just pretending. Be sure costumes are large enough for active play now and also for future growth.

CONSUMER INFORMATION ABOUT ADVENTURE TOYS

The active, imaginative play that adventure toys stimulate provides children with a socially acceptable way of releasing tension. These toys take children into a pretend world and yet help them to express their feelings about the real world and to act out adult roles. They also help children to feel less dependent by giving them practice in taking charge.

Grab Hold and Pull—you can stretch Stretch Armstrong from his original 13 in. to over 4 ft. Crunch him up, stretch him out and tie him in a knot, twist his body into hundreds of different positions—then watch him pop back into shape. 13-in. figure with latex covering is filled with pliable core which permits trunk and limbs to stretch or compress easily. Comes with Stretch-O-Graph mat for measuring how far he stretches.

You're Always in Contact With Home Base

B Powerful Star Trek® Communicators. 7-transistor walkie-talkies styled just like those used by Kirk, Spock, and the crew. Press a button and the cover flips up. Emits the familiar "beep" warp signal. Send and receive code and voice messages up to ¼-mile. Telescoping antenna. Plastic case, 2½x1½x5 in. long, with Star Fleet insignia. Each uses one 9-volt battery (not included—order under [F], below). Mailable: wt. 1.20 lbs.
X 924-1951 A—Set of 2 for 19.99

Star Trek Electronic Phaser Battle Game

C Challenging Arcade-Style Game—control the action from the telescreen of the Enterprise's bridge. Klingon and Romulin spaceships and cruisers appear at random on the 12-in. screen. Star Trek alert signal sounds. Quick! You have to shoot the enemy down! Miss, and you've got 3 seconds to raise your port or starboard deflector shields before enemy destroys you. Battle noises accompany every hit. Computer-like brightly-lit digital scoring device records your's and enemy's hits. Variable speed control lets you set battle pace. Measures 16x12½x13 in. high. Uses 6 "C"-cell batteries (batteries not included, order under [F] below). Or use with AC adapter (included). Caution: electric toy—see # 463.

CONSUMER INFORMATION ABOUT TV AND PLAY

Children enjoy toys that allow them to identify with their favorite TV heroes. They use these toys to imitate action that they have seen on TV and to create imaginative new dramas of their own. Because TV shows can make a deep impression on the minds and imaginations of children, it is wise for parents to choose programs that they consider suitable.

CONSUMER INFORMATION ABOUT MECHANICAL TOYS

Besides being exciting and fun, mechanical toys can give children the pleasure of being in control. Making these toys go through their paces gives children a feeling of mastery and achievement and also develops mechanical skills and muscular coordination. Try to match toys to the age of the child, since toys that are too difficult are likely to be frustrating.

CONSUMER INFORMATION ABOUT MECHANICAL TOYS

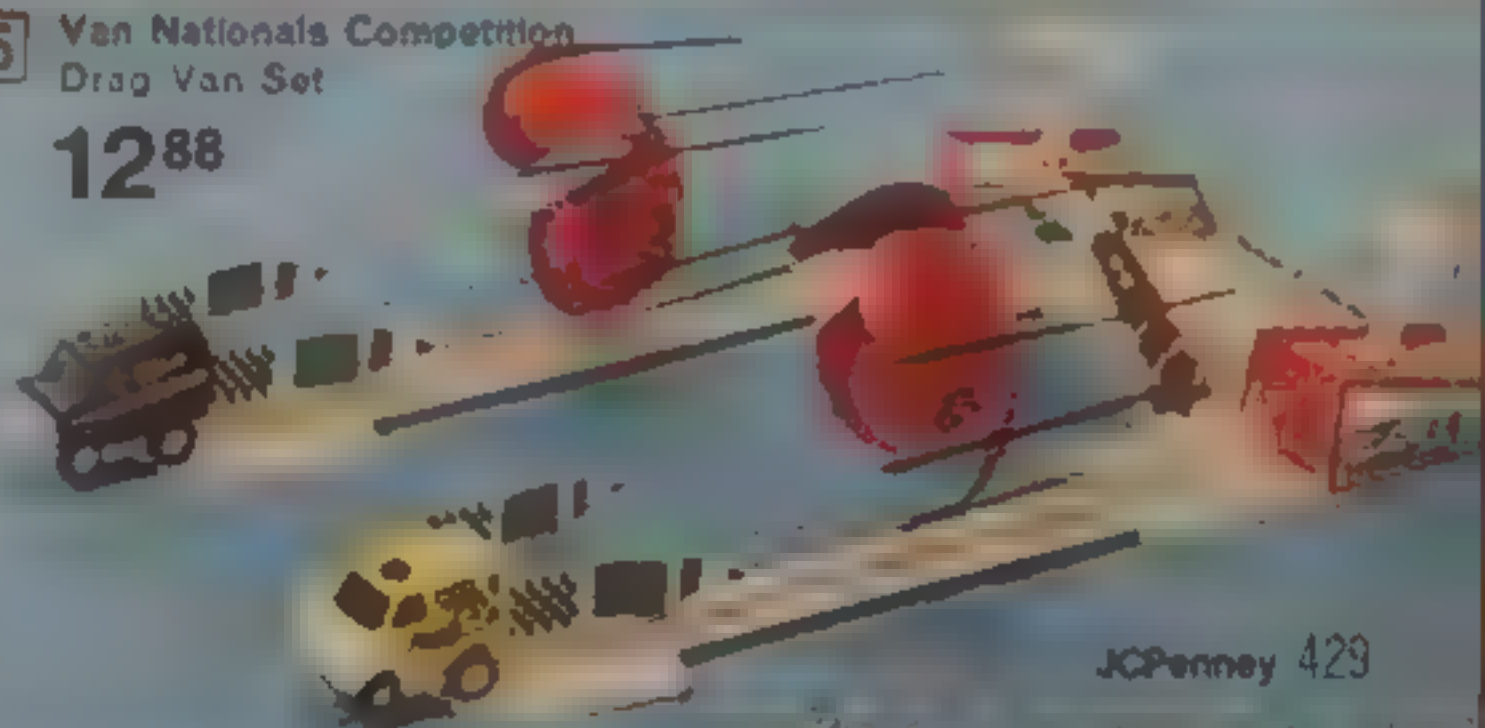

Besides being exciting and fun, mechanical toys can give children the pleasure of being in control. Making these toys go through their paces gives children a feeling of mastery and achievement and also develops mechanical skills and muscular coordination. Toys for children to the age of the child, since toys that are too difficult are likely to be frustrating.

CONSUMER INFORMATION ABOUT CHILDREN'S WATCHES

Owning a watch makes a child feel grown-up and important. Besides giving children a sense of self-worth, watches help children to understand how long time-intervals actually are. They encourage children to learn to tell time and to be punctual, an important aspect of social development. Also, learning how to take care of a watch tends to develop a sense of responsibility.

CONSUMER INFORMATION ABOUT CRAFT KITS

The renewed popularity of crafts extends to all age groups. Starting children early on the joy of making things with their own hands can lead to a life-long interest. Beginning kits provide a way of introducing children to various types of crafts. They give pride of accomplishment, and allow children to experiment and develop skills before moving on to more creative projects of their own design.

[A] For the Most Discriminating Collector. A beautifully assembled collection in a solid wood 8x16½x3-in. high Americana Jeweler's Presentation Chest. Has brass-tone metal lock and key. Three dramatic series—each housed in its own blue plush velvet tray ready to hang. Set comes complete with Collector's Magnifier, Guide to U.S. Coin History, Certificate of Authenticity.

Tray I Contains the Obsolete Series: 10 coins from the past including the Morgan Silver Dollar (1878-1921), Peace Silver Dollar (1921-1935), Liberty Walking Half-Dollar (1916-1947), plus the Barber Dime and 6 other examples of old-time money.

Tray II Contains the Presidential Series: 14 coins honoring great American Presidents, including the prize-winning design Jefferson nickel, hard-to-find 1964 Kennedy half-dollar, the Eisenhower dollar, plus 11 more historic coins.

Tray III Contains the Lincoln Memorial Series: 32 brilliant uncirculated mintings featuring every type Lincoln Memorial cent by date and place of minting—including the early 1909-1958 design.

X 926-5737 A—Mailable; weight 5.50 lbs. Set 99.95

[B] to [F] 20th Century U.S. Coin Sets. Attractively framed mementos of our nation's heritage. Mounted under clear plastic with walnut-finish wood frames for beautiful wall display (Measurements include frames.) They're good investments too—since many of the coins are out of common circulation, their value tends to increase with time.

SAVE \$15 when you buy [B] through [F] as 5-piece set—order under [F].

[B] Coins of the Century of American Achievement. From man's first flight to his great exploration of space—coins depict the story of the 20th century—the "American Age." Set contains 10 general circulation coins minted in the U.S. during the 20th century—all mounted around the American flag. Includes the Indian Head penny, a silver dollar, Eisenhower "clad-metal" dollar, and one of each type of Buffalo, Liberty, and Presidential coins minted at that time. 13x16 in. high.

X 926-3351 A—Mailable; weight 3.75 lbs. Order 1 set for 54.99

[C] The Story of Silver. In 1964, the country went over to alloy "clad-metal" coins, ending the era of silver in U.S. currency. Coinage of silver has naturally tended to increase in value. Set is mounted around a scene of Colorado's silver-rich mountains. Pre-1964 coins include: half-dollar, a WWII "nickel", dime, quarter, a silver certificate dollar bill, and a capsule of real silver granules. 10½x12½ in. high.

X 926-3377 A—Mailable; weight 2.40 lbs. Order 1 set for 25.99

[D] Wartime Coinage. During WWII, the U.S. made its pennies out of steel and its five-cent pieces out of silver alloy so that copper and nickel could be used for war materials. Set contains 20 nickels and pennies from the WWII era. They're mounted around the famous Iwo Jima statue. Includes steel pennies, silver-alloy nickels, and rare '44 and '45 brass pennies struck from shell casings. 10½x12½ in. high.

X 926-3366 A—Mailable; weight 2.40 lbs. Order 1 set for 18.99

[E] Lincoln Memorial Set. 29-coin set includes every type of Lincoln Memorial Cent issued—from the original mintage in 1959 through 1970—plus an example of the original Lincoln design of 1909. Mounted around a portrait of the Lincoln Memorial in Washington. Measures 10½x12½ in. high.

X 926-3393 A—Mailable; weight 2.40 lbs. Order 1 set for 11.99

[F] The Racing Fan's Favorite—the \$2 Bill. Retired from circulation in 1966, this is the original from which the 1976 \$2 bill has been reissued. This long-time favorite of race track fans and bettors is a great conversation piece mounted on full-color racing scene. 10½x12½ in. high.

X 926-3385 A—Mailable; weight 2.50 lbs. 17.99

SAVE \$15 when you buy [B] through [F] as 5-pc. set. Pay \$6 monthly—see page 335.

CONSUMER INFORMATION ABOUT MUSICAL TOYS

Musical toys can be hard on parents, but they are fun for the child and provide a way for experimentation with some of the basic elements of music. By strengthening the child's understanding of sound, they help to develop the ability to recognize the differences in sounds and they also develop a sense of rhythm. Musical toys may be the start of a lifelong interest in music.

CONSUMER INFORMATION: THE JOY OF MUSIC

Toy pianos and organs allow children to practice musical skills and to create their own music. They are entertaining and also develop a sense of achievement. They can encourage an understanding of rhythm, tone, melody, and even harmony. Though they are enjoyable as toys, it should be remembered that they are not musical instruments that meet adult standards.

CONSUMER INFORMATION ABOUT ROAD RACE SETS

The rapid action of road race sets is thrilling for children. It encourages friendly competition and stimulates role-playing as children pretend to be racing drivers and mechanics. They enjoy assembling and operating the parts as well as tinkering with them to improve their performance. Sets that provide the greatest flexibility of layout hold the child's interest best.

CONSUMER INFORMATION: THE WORLD OF BOOKS

The competition from TV makes it doubly important to encourage children to read by giving them books of their own. Reading builds language skills and makes writing and speaking easier. But beyond that, children who learn to read for pleasure have a life-long tool for escaping boredom, expanding their minds, and understanding viewpoints larger than their own.

Radio Controlled Plane Kit . . . Exciting To Build . . . A Thrill To Fly

And think how proud you'll
feel when your creation
soars into the blue!

[A] You Can Assemble The Entire Model Kit In Just One Weekend And Fly It The Next. Just right for young or old, because the two R/C channel radio system is light to hold, fascinating to operate. Even if you're already into remote control aircraft, this dual-control unit lets you share your sport with a friend.

The Q-Tee Plane has a nice, nostalgic look. Machined parts fit precisely, and there's a simplified structure and clear instructions for accurate assembly (requires airplane glue, not included). Structure is then covered with a plastic film. When assembled, wingspan measures 36 in. Fuselage is 29 in. long. Powered by a gas-powered Cox .049 ORC muffled engine. Parasol wing; built-in down thrust; flat-bottom air foil for stability. Pilot error and faulty landing approaches are offset by rugged build, pop-off wing mount, wide track landing gear. Assembly and operating instructions include directions on converting Q-Tee from trainer to stunt plane.

Cox/Sanwa Two Channel R/C Radio System is a digital, proportional system offering independent, simultaneous control of 2 rear control surfaces—the rudder and elevators. Smooth single-axis sticks control height and direction—ratcheted trim levers for fine adjustment. Dual LED indicators in transmitter. Two micro servos. Transmitter uses 8 "AA" alkaline-type pencil batteries, plane uses 4 more batteries (batteries not included). Truly lightweight and compact. Plastic housing.

CONSUMER INFORMATION ABOUT SCIENCE TOYS

Science toys open up the joys of discovery and experimentation, giving children a chance to see for themselves how the physical world works. They are mentally stimulating and also develop manual and mechanical skills. Science toys are entirely suitable for both boys and girls, but remember that the more complex and detailed kits are for older children.

CONSUMER INFORMATION ABOUT TOOL SETS

Toy tool sets encourage children to imitate adults and to feel grown-up. Their use develops eye-hand coordination and manual skills, gives children a sense of accomplishment, and provides an early understanding of how tools should be used. Look for tools that are well made and do what they are supposed to do. Also, it is wise to supervise younger children closely.

JCPenney 481

1 & 2 Perfect for Beginners because they have an automatic pilot! When switched on it controls plane through take-off, flight, and landing—helps prevent crashes so beginners gain experience and confidence. Semi-scale models fly level circles—all you do is hold the line. Resilient "rubberband" fuselage assembly. "Tricycle" wheel, landing gear, and co-spring nose gear, all help absorb shocks in any not-so-great landings. 16-in. wingspans. Full tank fill, or half-tank fill for short flights. Plastic planes are powered by Cox .049 engines. Both planes require starter kits [E] or [F]. Ages 10 and up.

[1] Piper Comanche. Jazzy private plane. X 926-4011 A—Mailable: wt. 2.75 lbs. . . . 9.77

[2] Skymaster. Twin tailboom gives this military rescue plane a unique silhouette. X 926-9135 A—Mailable: wt. 2.75 lbs. . . . 9.77

[3] Crusader Stunt Trainer has a special 4-position control system that allows gradually more sophisticated stunting until it's flying upside down! Made to order for the less experienced flyer who wants continuing challenge as skill improves. "Rubberband" fuselage assembly, 3-wheel landing gear absorbs shock. Swept wings, concealed fuel inlet and needle valve give it a "mean and clean" look. NASA markings. 19-in. wingspan. Plastic plane is powered by Cox .049 engine. Requires starter kit [E] or [F]. Ages 10, up. X 926-8244 A—Mailable: wt. 3 lbs. . . . 11.77

[4] Sky Copter. Free-flying—doesn't use a line! Goes up hundreds of feet! The 20-in. rotor system provides in-flight stability and allows slow, vertical descent. The plastic skids give soft landings. A clear fuel tank means precise fuel measurements. "Flyaways" can be more easily prevented. Great fun for beginners or old hands! Tough plastic body is 12 in. long. Powered by a Cox .020 engine. Requires starter [E]. Ages 8 and up. X 926-8368 A—Mailable: wt. 1.75 lbs. . . . 13.77

[5] Mustang Racer Battery-Powered Electro Charger. Carries its own NICAD rechargeable starting batteries—just flip the switch on the fuselage and the engine starts! Hot little Mustang racer with "orange fire" designs has a 10 in. wingspan. Powered by 2 NICAD batteries (included). Tough plastic. Recharging NICAD batteries requires 6V battery (6V battery not included—order below). Ages 8 and up. X 926-8285 A—Mailable: wt. 1 lb. . . . 8.77 X 957-2140 A—6V battery, 1.40 lbs. . . . 1.89

[6] The Stinger. Built for super-fast straight guide-line racing. 12 in. brilliant red plastic body has funky spider racing trim. Really moves on authentic-looking, pavement-biting racing tires. Powered by Cox .049 direct-drive engine with heat-sink cooling. 4:1 gear ratio. Requires starter kit [E] or [F]. Ages 10 and up. X 926-8400 A—Mailable: wt. 2.50 lbs. . . . 11.88

[7] Vega Funny Car. A straight-line racer with automatic drag chute and engine shut-off. Streamlined for speed—12 3/4 in. long body in bright yellow plastic. Mag-style wheels with chrome-tone, hemi-style "engine" and supercharger. Simulated tubular metal dragster frame, interior roll cage, and simulated fire extinguishers. Cox .049 engine with heat-sink cooling. Superfast 4:1 gear ratio. Rear racing slicks. Requires starter kit [E] or [F]. Ages 10 and up. X 920-2631 A—Mailable: wt. 2.40 lbs. . . . 13.88

[8] Super-Fast Sandblaster. Free-running single-seater with adjustable steering. 12 in. long body of gold-tone plastic with yellow racing stripe and number. Deep-creased tires with mag-style wheels. Has real-looking Baja-racer styling, and roll cage. Powered by Cox .049 engine with heat-sink cooling. Big capacity fuel tank, 20:1 gear ratio. Gear shift. Snap starter. Requires starter kit [E] or [F]. Ages 10 and up. X 926-9653 A—Mailable: wt. 2 lbs. . . . 12.88

[9] Bad Little Bug—Ready to Race. Super-fast bug runs over 20 m.p.h. Jumps off ramps and does wheelies automatically. Comes with 2 oz. of fuel (enough for at least 4 runs in 1 1/2 to 2 minutes each), battery and additional accessories. Powered by Testor .049 engine. 10 1/4 in. plastic body. Bumper and wheels in shiny chrome color. Includes instructions on how to build jump ramp. For ages 10 and up. X 926-6685 A—Mailable: wt. 2 lbs. . . . 9.88

CONSUMER INFORMATION ABOUT "PLAYING HOUSE"

Toys for "playing house" allow children to imitate adults and also to use their own imaginations. Children enjoy sharing this kind of play with others, which gives them practice in conversation and other social and language skills. These toys help children to learn manners and homemaking skills such as table setting. They also help with small muscle development.

CONSUMER INFORMATION ABOUT DOLLS

Throughout history, dolls have been popular playthings, and they are still an important way of helping children to develop. They encourage children playing alone or in groups to imitate real-life situations and to use their imaginations freely. They help children to communicate, build small-muscle skills, and develop social awareness. In addition, they are just plain fun.

**CONSUMER INFORMATION:
DOLLS AS COMPANIONS**

Many children see their dolls as friends who can always be counted on. Like good friends, dolls provide children with companionship and emotional support. Whether children are feeling happy or sad, lonely or surrounded, proud or ashamed, they can tell the whole story to their favorite dolls and feel better because there is somebody who understands.

CONSUMER INFORMATION: DOLLS AND ROLE-PLAYING

Dolls give children a way of practicing adult roles. Pretending to be mothers and fathers helps children to sort out their feelings about those roles and to understand relationships within their own and other families. Doll play also allows children to see themselves in such grown-up occupational roles as doctor, nurse, and teacher.

CONSUMER INFORMATION:
MORE ABOUT DOLLS

Playing with dolls gives children a way of acting out their own feelings as well as the emotions they observe in other people. Dolls provide acceptable ways for children to explore such emotions as affection, anger, joy, sorrow, love, and fear. This gives children a better understanding of their own and other people's behavior.

CONSUMER INFORMATION: DOLLS FOR ACTIVE PLAY

Displaying special kinds of dolls, such as foreign dolls, on shelves, is fine as a hobby. But generally it is better to choose dolls that get the child actively involved in their use—dolls whose clothes come off and go back on and who can sit and lie down and be carried around easily. Remember, too, that doll play can be as rewarding for boys as it is for girls.
